GRANCABRIO GENUINE ACCESSORIES

*Functionality*

The Emergency Kit contains everything needed to stay safe at the roadside. Coming in an elegant black case embellished with the Maserati Logo, it fits into the luggage compartment. The kit includes: Hazard triangle, Reflective vest, First aid kit, Gloves, Ice scraper. The items in the kit may vary from country to country.

The Net for Rear Passengers allows to keep small objects safe, such as your smartphone or wallet. The kit consists of two nets and an application template to facilitate the installation in the passenger compartment.

Keeping your Maserati Touch Control Display free from fingerprints is a simple matter with the Microfiber Cloth. The new cloth is specially designed to clean and protect your touchscreen and keep it completely smear-free.

The stability of the items in the luggage compartment when travelling is fundamental for safe and relaxed driving. The Luggage Compartment Net is a simple and very effective accessory which, thanks to its double layer, enables small and medium-sized objects to be secured. The net is fastened using four hooks located in the corners of the luggage compartment floor, or via eyelets in the rails on the luggage compartment floor (optional).

The Luggage Compartment Net is not compatible with the Luggage Compartment Mat.

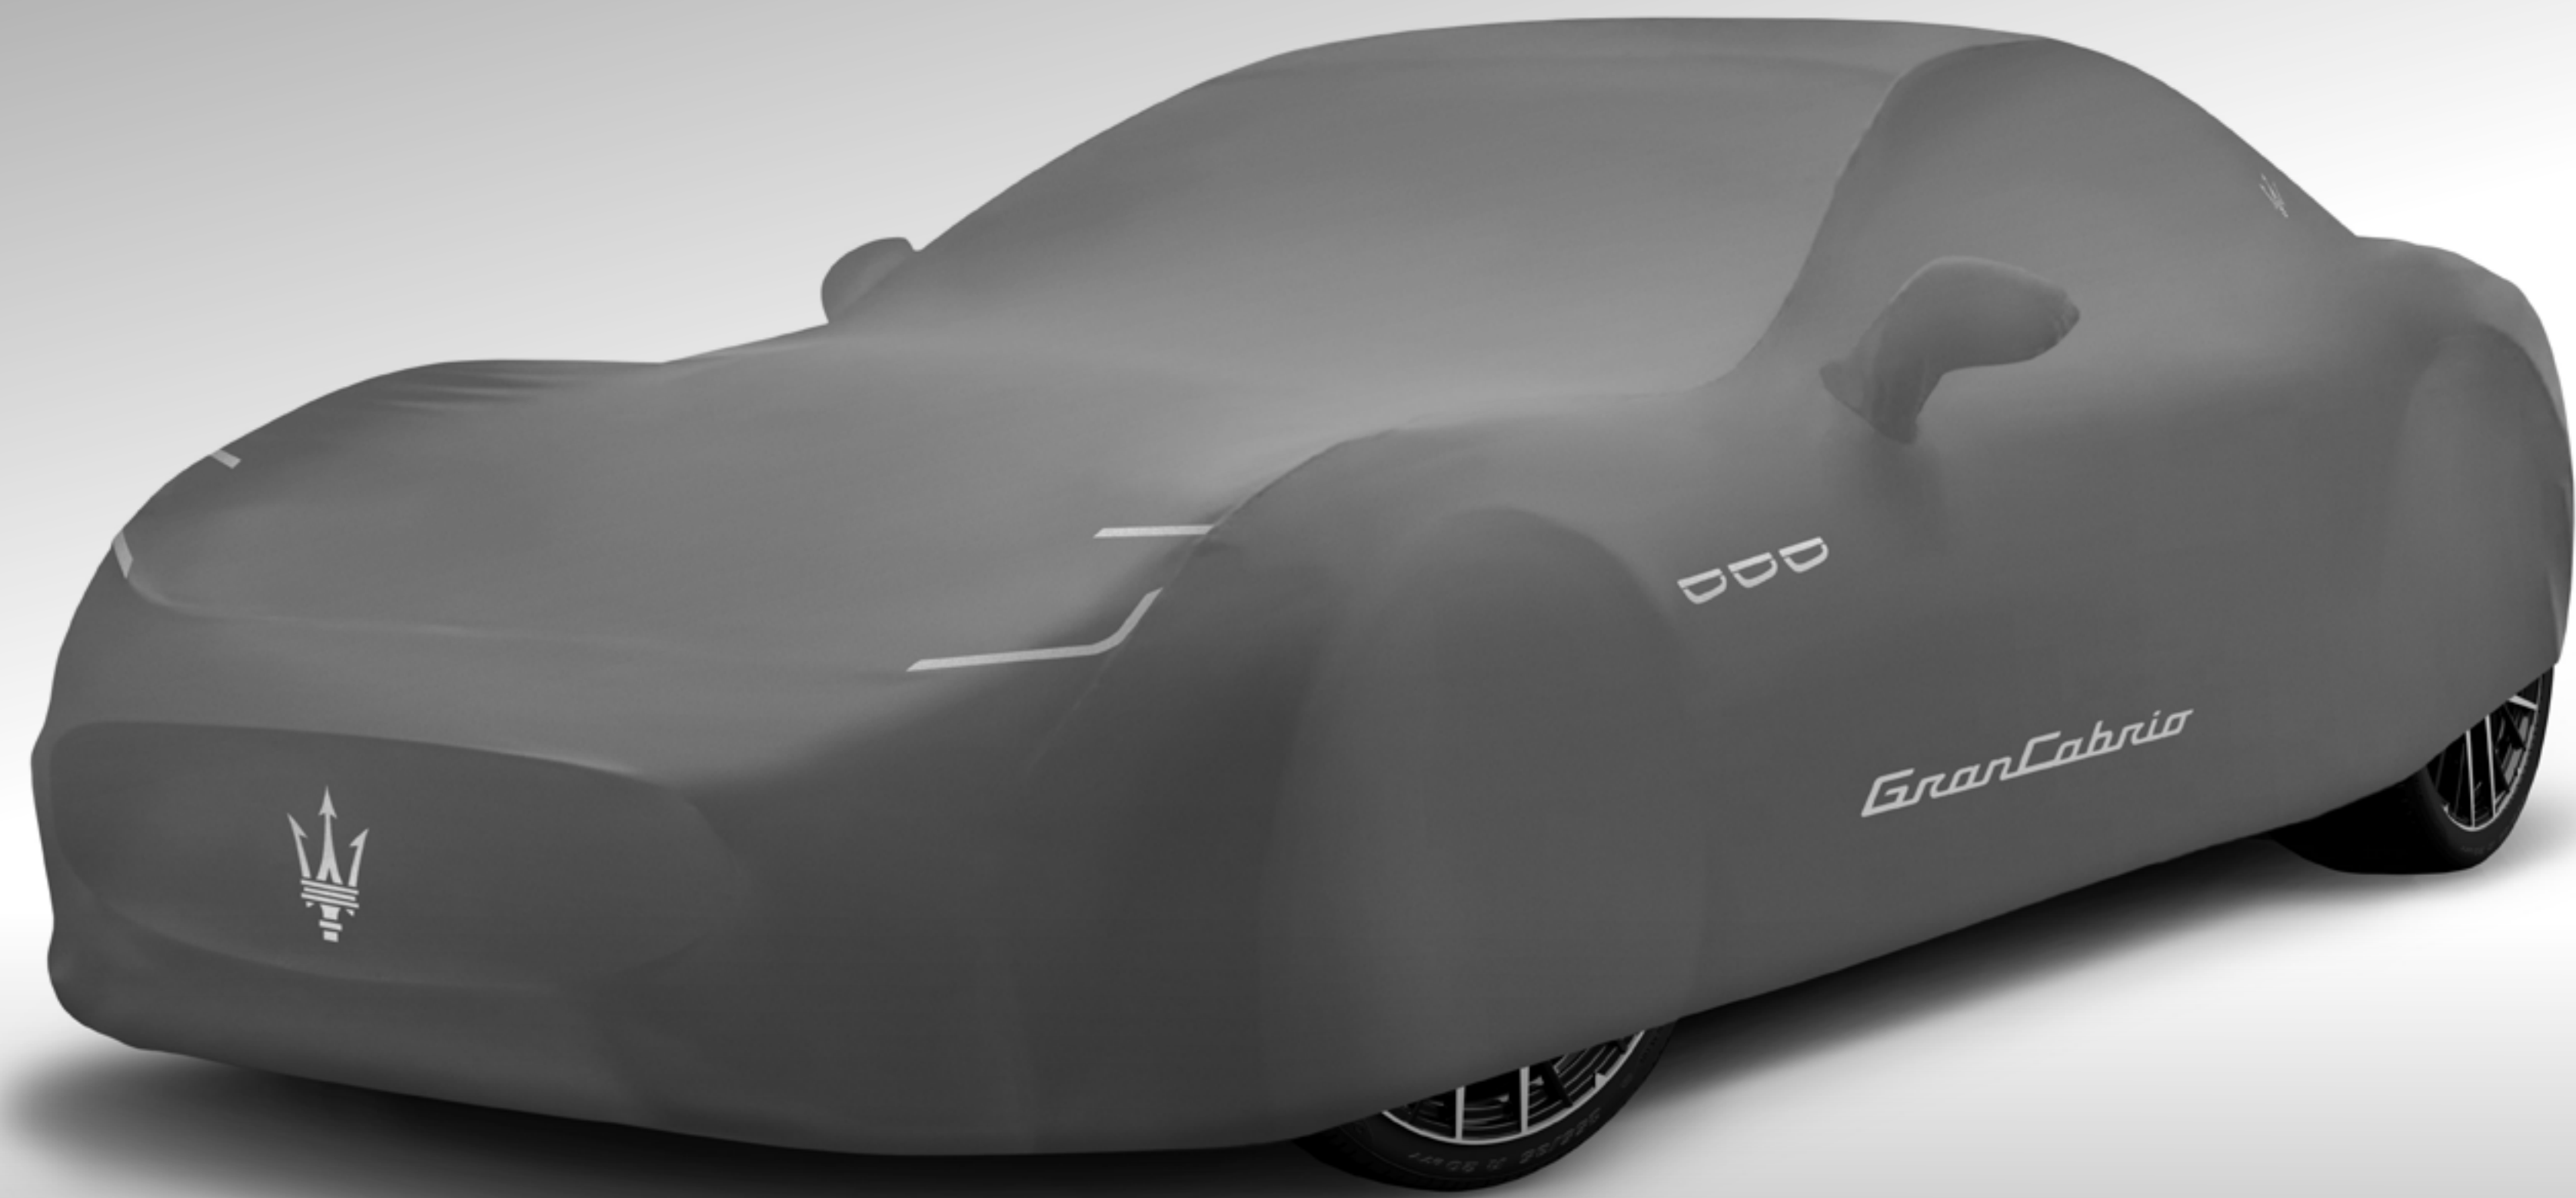

Shaped as a perfect fit for the loading platform in the luggage compartment, the Luggage Compartment Mat protects the car's interior from water, dust, and wear and tear thanks to the raised edge. The washable and waterproof material keeps the boot in tip-top condition, in a practical and functional way. The surface features a herringbone pattern, punctuated by the Maserati logo in the middle of the mat.

The All Season Floor Mats with Edge are the perfect item to protect the car interior and keep it intact over time. Made of waterproof and non-slip rubber, the floor mats effectively shield the interior from water, mud, sand and any other external agents.

The Outdoor Car Cover protects the car from dust, scratches and weathering, and at the same time enhances the silhouette of the GranCabrio. Waterproof, breathable and elastic, the cover features a minimalist design, customised with contrasting details on the headlights and side vents, and embellished with the wording “GranCabrio” on the side.

The Security Stud Bolt kit make the vehicle more secure against the risk of wheel rim theft, as the wheels may be fitted and removed only using the special wrench provided in the kit. The stud head features a special design that combines an appealing look with the greatest functionality.

Available in matte or glossy version, the Protective Films equip you to tackle the most difficult roads without fear of damaging the bodywork. Perfectly transparent and made to measure, they can be easily removed with water without leaving any traces. The kit covers covers the front and rear wheel arch moulding, the side skirt.

Specially designed for the GranCabrio, the Screen Protective Film preserves the integrity of the navigation system screen over time. The film is easy to apply and protects the screen from scratches, fingerprints and surface stains.

A compact and user-friendly device, the Battery Charger & Maintainer keeps the charge level of your car battery always in optimal condition, between 95 and 100%, and charges it when required.

The device does not need to be programmed: just connect the car battery to a standard power socket, and you may leave it connected for several months without any risk of damage to the vehicle.

The Soft Case allows the storing of small items inside the car. Made from recycled materials, the bag features an internal pocket and is decorated with the embroidered Trident logo on the outside, while the lining is made with the Trident pattern.

The bag attaches to the carpeting with a foldable velcro strap, which also allows it to be used as a convenient beauty case.

The Key Cover has been designed to perfectly complement your vehicle's interior.

For an extra level of sophistication, the key cover is adorned with the iconic Trident emblem on the front, tone-on-tone stitching and decorations that mirror the key's contours.

With replicated key buttons on the back, you can effortlessly access all of your key's features without the need to remove it from the cover.

Plus, the chrome ring allows you to use it as a practical keychain.

Designed to fit perfectly on the windshield, the sunshade helps keep the interior cool and protects the car against excess heat when it is parked in the sun. The outer side is customized with the screen-printed Trident. The foldable structure allows easy storage in the dedicated bag, also personalized with the Maserati logo.

A close-up, low-angle shot of the front grille of a dark blue Maserati car. The grille features a prominent chrome trident logo in the center. The car's body is highly reflective, showing highlights from the ambient light. The background is a blurred, hazy landscape under a clear sky.

GRANCABRIO GENUINE ACCESSORIES

*Personalization*

No detail is too small to be highlighted. Available in three colour variants (black with silver Trident, black with red Trident, silver with blue Trident), the Branded Valve Cap Kit is distinguished by the iconic Trident logo at the centre.

The Indoor Car Cover features a repetition of the logo to form an iconic pattern, enriched by the white Trident on the bonnet and the wording “GranCabrio” on the sides. The breathable two-way stretch material – lined with a soft fleece fabric – makes for the perfect fit, enhancing the car’s bold style even when it is covered up in the garage.

Customize your Maserati with a touch of exclusivity with specifically designed Courtesy Lights with Logo, to emphasize the elegant and sporty soul of your Maserati, leaving a distinctive sign when getting out of the car.

The incomparable luxury of Ermenegildo Zegna's Italian design is reflected in this unique luggage set. Made of Nylon and Pelletessuta™ and embellished with a black Trident logo at the front, the set comprises five pieces that perfectly fit the luggage compartment: Holdall, Shoe case, Garment bag, Toiletry bag, Mini clutch.

Strongly evocative of the Maserati performance and sporty soul, the Carbon Wheel Center Caps with the iconic Maserati Trident logo as a centerpiece, instill the wheel rims with the style that distinguishes every Maserati.

The Self-leveling Hubcaps go beyond mere aesthetics; they feature a system that ensures the Trident logo remains upright and visible even while the car is in motion. Available in black finish with silver details, these hubcaps represent the perfect blend of style, technology, and personalization.

The branded buttons allow you to customize the floor mats while maintaining a secure hold on the floor. The kit consists of six buttons in silver finish with the Trident logo laser-etched in white at the center.
