BELIEVE IN PERFECTION

As a Maserati, the Quattroporte is crafted for excellence – but with our Genuine Accessories range, it will exceed even your expectations of quality, comfort and ageless Italian style.

Tailor your car for the perfect drive so you can enjoy each exhilarating moment behind the wheel.

THE PLEASURE OF CUSTOMISING

The Quattroporte is a luxury executive sedan poised on the wheels of a sports car. With a glance at its bold rims and glossy brake calipers, you can anticipate the power, speed and intuitive agility lurking behind the imposing silhouette. Our wheel options and accessories help you tailor the precise performance of your car and enhance its unmistakable racing style.

ALWAYS MOVING FORWARD

COMPLETE WHEELS

Pre-balanced and ready to be fitted to the vehicle, Maserati Complete Wheels bring together your choice of wheel rims and Maserati Genuine Tyres. They come fully equipped with wheel centre caps and tyre pressure sensors, and provide a simple way to tailor your aesthetics and performance.

MASERATI GENUINE TYRES

Born out of our racing knowhow, Maserati Genuine Tyres provide you with enhanced grip and confidence on the road. The "MGT" (Maserati Genuine Tyres) marking is a guarantee of optimal control and precision. Tailored to the seasons, the Summer and Winter tyres for the Quattroporte offer optimum performance whatever the road condition.

BRANDED VALVE COVERS

No detail is too small to be highlighted. Available in three colour variants (black with silver Trident, black with red Trident, silver with blue Trident), the Branded Valve Cap Kit is distinguished by the iconic Trident logo at the centre.

WHEEL RIMS

Each pairing of Maserati and driver has an individual character - whether you enjoy the passion of the open road or the thrill of the city streets. The choice of Wheel Rims puts a very personal stamp on a car, giving it a sense of style that matches its owner. The Maserati range of bold, elegant wheel rims emphasise the vehicle's speed, power and style in different measures. Part of your journey as a Maserati owner is making that personal decision for your vehicle. All of the wheel rim options available when originally customising a Maserati are also available as part of the Accessories range.

The full kit protects all your wheel rims and includes the wrench and four security bolts.

THE PLEASURE OF PERFORMING

With its imposing scale, its sporty agility and its powerful Maserati engine, the Quattroporte embodies all the passion of the racetrack. Top quality sporting accessories bring both the style and the driving experience of your car closer to its racing roots.

COMPETITIVE BY NATURE

SPORT PEDAL COVERS*

Crafted in brushed steel the Sport Pedals Cover is more than a striking design feature. It also delivers optimum control for high-performance driving through precisely engineered rubber inserts, which keep your feet glued to the pedals. For an extra touch of refinement the pedal covers bear the Maserati oval logo.

*Please check whether your vehicle can be fitted with these components.

GEARSHIFT PADDLES*

The graceful power delivery of an automatic can make for a truly relaxing grand tour. However, for a more passionate driver, the option of extracting even greater performance is irresistible. Our frosted aluminium Gearshift Paddles put more control at your fingertips, for speedy gear-shifts and sports-style driving in your Quattroporte.

*Please check whether your vehicle can be fitted with these components.

EXTERIOR CARBON PACKAGE*

If your Quattroporte model wasn't originally customised with carbon fibre detailing, you can add these smart racing touches with the Exterior Carbon Package.

The kit includes several carbon fibre sport customisations:

- Window Mirrors
- Door Handle
- Rear Spoiler
- Front Splitter
- Central Pillar
- Wheel Caps
- Front and rear doorsills

*Please check whether your vehicle can be fitted with these components.

THE PLEASURE OF CARING

The Quattroporte exudes vitality in every aspect, from the sweep of its bodywork to the glossy chrome of its accents. With our range of care accessories you can keep your grandtourer in peak condition – eager for action and ready to make its mark on the road.

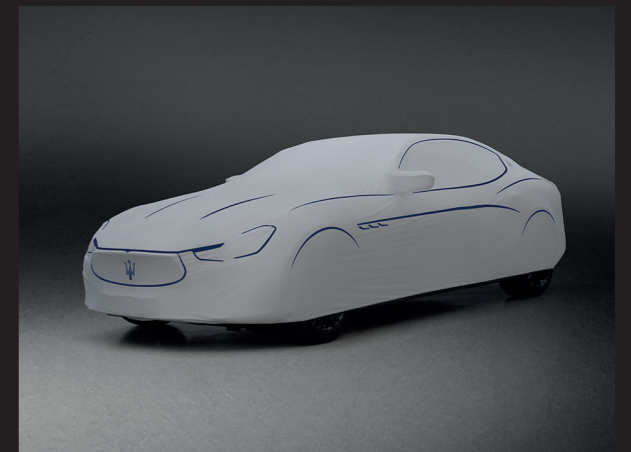

ENDURING BEAUTY, SCULPTED STYLE

OUTDOOR CAR COVER PERSONALIZED

Protect your Quattroporte beautifully with our Outdoor Car Cover. Breathable and stretchable, the figure-hugging fabric flexes with the wind and shrugs off the rain with no hint of flapping or rattling. The cover is a lustrous light grey colour adorned with the Trident, and it can also be personalised with your initials on demand. Three side air vents add a finishing touch in true Maserati style.

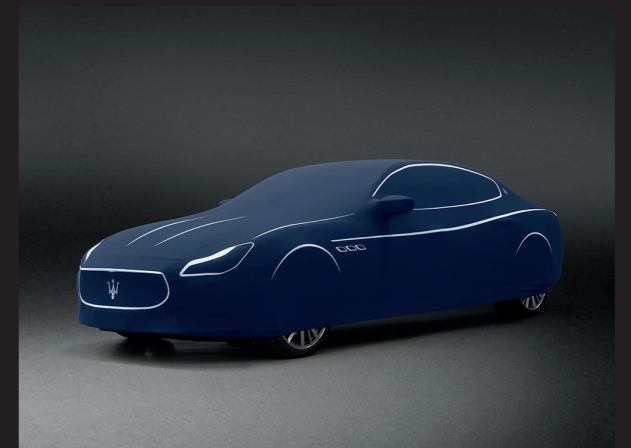

INDOOR CAR COVER ZEGNA

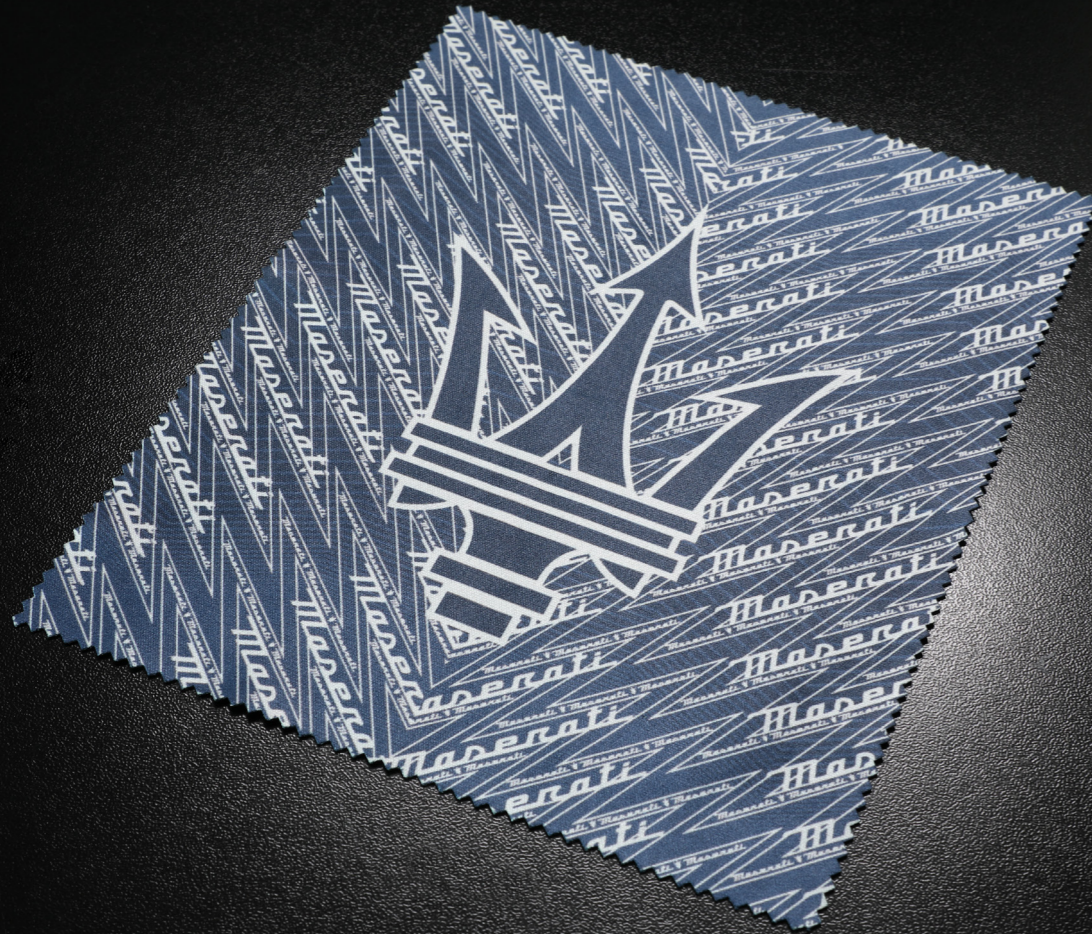

Specifically tailor made, the Maserati Zegna Indoor Car Cover not only fully protects your Quattroporte but ensures your vehicle looks as sensational in your garage as it does on the road. Thanks to the exclusive stretchy and breathable fabric, the Zegna Indoor Car Cover assures the best fit and avoids any condensation, making sure your Quattroporte is completely protected and taken care of.

INDOOR CAR COVER PERSONALIZED

Make sure your Quattroporte is completely and beautifully protected with our Indoor Car Covers. Snug inside the cover, the car's smooth lines are pleasingly visible, while the specially chosen, anti-laddering fabric, which can also be personalised with your initials, ensures bodywork, rims and tyres remain pristine. The cover folds neatly into a branded bag when you're ready to get behind the wheel.

MICROFIBRE CLOTH

Keeping your Maserati Touch Control display free from fingerprints is a simple matter with the specific Microfiber Cloth. The new Maserati pattern is specially designed to clean and protect your touchscreen and keep it completely smear-free.

BATTERY CHARGER & MAINTAINER

The Battery Charger and Maintainer keeps battery levels at between 95% and 100%, topping up with extra charge whenever necessary. It easily attaches to your battery and plugs into a standard power socket - and you can keep it connected to your vehicle for several months without any risk of damage.

SIDE PROTECTIVE FILMS

Scratches and dulling from gravel can be an issue for the bodywork of any high-performance vehicle. The Side Protective Film makes sure you can appreciate all the performance your Quattroporte has to offer, knowing that your paintwork won't suffer the consequences. Perfectly transparent and made to measure, the urethane layer doesn't yellow over time, leaving your paintwork as vibrant as ever. Because the film is applied with a water-based solution, it's easily removed and won't leave a trace of adhesive behind.

**PROTECTIVE FILM FOR THE LOADING EDGE**

No matter how careful you are, there is always a risk of knocking your car's bodywork when loading or unloading luggage. The Protective Film for the Loading Edge can be applied to the rear bumper to provide an extra layer of protection. As with the Side Protective Film, the made-to-measure urethane layer is practically invisible and won't yellow over time. It can be easily removed without leaving any trace of its presence.

BRANDED FLOOR MATS

For an even more luxurious interior in your Quattroporte choose our Branded Floor Mats. Each has an eco-leather trim, while the driver's mat also features a beautifully embroidered Quattroporte logo on a special insert. Designed to echo the shape of the vehicle, the mats are anchored to keep them safe and stable while driving. A range of colour options ensures there is one to suit your interior upholstery. The kit is made up of two front and two rear mats.

ALL SEASONS FLOOR MATS

To protect your carpet from water, snow, sand and mud the All Seasons Floor Mats are a natural choice. Robust and perfectly fitted they clip firmly to the floor, entirely covering your carpet and keeping the pedals free from obstruction. Made from easy to clean black rubber, the kit of two front and two rear mats offers excellent grip underfoot, whether wet or dry.

THE PLEASURE OF TRAVELLING

With the Quattroporte Genuine Accessories range, you're always ready to set off on the trip of a lifetime. Smart, stylish and practical luggage solutions keep your belongings organised day-to-day, and give you the freedom to pack whatever you need for your longer journeys.

LOAD UP FOR YOUR LUXURIOUS GRAND TOUR

LOADING EDGE PROTECTIVE MAT

Designed to protect the edge of the luggage compartment and the rear bumper when loading or unloading, the Loading Edge Protective Mat extends almost to ground level. Manufactured in hard-wearing, non-flammable, and water-repellent material it guards against any knocks and scratches caused by moving heavy luggage.

TRANSPORT AND LOADING SOLUTIONS

LUGGAGE COMPARTMENT MAT

The Luggage Compartment Mat covers the floor of the Quattroporte luggage compartment perfectly, leaving the anchors and optional luggage rails uncovered and accessible, or, in its full version, fitting the vehicle's boot completely thanks to the raised edge. Washable, waterproof and 100% recyclable, the thermoplastic material protects the interior from water, smell, dirt and wear, assuring high-level quality, strength and flexibility.

*The Full Version of the Luggage Compartment Mat is not compatible with the Maserati

REVERSIBLE LUGGAGE COMPARTMENT MAT

From luxury luggage to snow-encrusted skiing gear, the Reversible Luggage Compartment Mat handles it all beautifully. With hard-wearing rubber (waterproof and easy to clean) on one side and plush black carpet on the other, the mat is extremely versatile. A handle on either side makes it easy to lift and position, while an elegant metal plate, hand-enamelled in black, brands it with the Maserati logo.

LUGGAGE COMPARTMENT NET

The acceleration in your Maserati means belongings in the luggage compartment need to be contained. Our black Luggage Compartment Net is the ideal solution. Attaching firmly to the luggage compartment floor, it is double layered for extra security. By keeping small and medium sized items safely anchored, the net gives you the freedom to enjoy your drive all the more.

SKI & SNOWBOARD BAG

Up to three pairs of skis, or a pair of skis and a snowboard, can fit tidily and securely inside your Quattroporte with the Maserati Ski & Snowboard Bag. Fold down one of the rear seats and the bag can rest in the space created between the passenger area and the luggage compartment. It attaches firmly to a hook in the luggage compartment, and to the rear seat with a sturdy strap. Depending on the length of your skis the bag can be extended by 30 cm.

LUGGAGE COMPARTMENT FOLDABLE BOX

With its versatile design, the Luggage Compartment Foldable Box turns your luggage compartment into an even more practical storage area. The modular box is comprised of two large compartments with attachments and pockets for smaller items. Either compartment can be collapsed when you need more space for larger luggage, turning the Foldable Box into a Maserati branded leather-finish briefcase, perfect to carry your documents or a tablet.

THE PLEASURE OF RELAXING

Whether you're a driver or a passenger, a journey in a Ghibli is always time well spent. It's a luxurious rest, a chance for quiet focus, or a moment of pure exhilaration as the engine roars. The range of technological and functional accessories for the Ghibli is designed to make the most of your time, maximising the enjoyment, ease and convenience you get from your luxury sports sedan.

COMFORT IN EVERY ASPECT

PERSONALIZED FRONT DOOR SILLS PLATES

Make your Maserati a unique masterpiece. In line with the Trident style, luxury and exclusivity, it is now possible to personalise the Front Door Sill Plates with the name initials or a combination of letters, graphically embellished with the iconic "Saetta" line logo that distinguishes all the Maserati vehicles.

UNIVERSAL TABLET HOLDER*

While you enjoy being behind the wheel of your Ghibli, your passengers in the back can relax with quality in-seat entertainment. The Universal Tablet Holder mounts securely on the front seat headrest and holds a tablet or large smartphone. It can be easily adjusted to the perfect position for watching films or reading documents. Designed in black soft-touch material, the holder features a silk-screened Maserati logo in silver grey, attractive and unobtrusive enough that it can be left installed in place at all times.

*Please be aware, the Universal Tablet Holder cannot be installed if the vehicle is equipped with Sport Seats.

TECHNOLOGY AND FUNCTIONALITY

COURTESY LIGHTS WITH LOGO

Customize your Maserati with a touch of exclusivity by choosing one of the Maserati specifically designed Courtesy Lights. Each one presents a different version of the Maserati Logo. Emphasize the elegant and sporty soul of your Maserati, leaving a distinctive mark when exiting your car.

**PRIVACY REAR WINDOW***

The Privacy Rear Window Kit is designed to allow your rear passengers to see out without passers-by looking in. From outside, the privacy glass obscures the windows with a stylish dark sheen. At the same time it keeps the interior cool and peaceful. The Privacy Rear Window Kit also has the additional benefit of filtering out the harmful UV wavelengths from sunlight.

*Please check whether your vehicle can be fitted with these components.

By simply pressing a button on the car key, the Remote Start will activate the air conditioning or heating system.

*Please check whether your vehicle can be fitted with these components.

HOT SPOT WI-FI CONNECTION MODULE*

Keep connected wherever you travel with the Hot Spot Wi-Fi Connection Module. This sophisticated technology provides wireless internet access on the road for up to three devices. While you immerse yourself in the drive, your passengers can keep business ticking over by sending emails or working in the Cloud, or they can simply relax with a Social Media break or online shopping. The module supports HSDPA, UMTS, EDGE and GSM.

*Please check whether your vehicle can be fitted with these components.

CHILD SEATS (*) (**)

Designed for the most precious passengers, the Maserati Child Seats and ISOFIX Base have been developed in line with the quality, design and loving care that evokes the style and elegance of the Trident. Born to perfectly fit with your Maserati, they come in a mélange fabric in Metallic color outer lining, embellished by an elegant white edge piping. All the three Child Seats are branded "Maserati" and customized with the Trident logo on the headrest and the "Maserati" name. The child seats are fully tested and comply with the current homologation criteria and are divided into three groups (0+; 1; 2/3), depending on the stature height of the child. They can be installed rear- and/or forward facing according to the Child Seat group. Notes: Group 0+ and Group 1 child seats may only be used in combination with the ISOFIX base. Group 2/3 attaches using the vehicle seat belt and the two anchors in place at the rear. Specific restrictions apply to specific countries. Please refer to your dealer for additional information.
