

Folgore

EXTENDED WARRANTY

Comfort and power guaranteed.

Your Maserati Folgore has been designed to provide you with the performance of the future whilst ensuring exceptional comfort and functionality.

There should be absolutely no compromises in the driving pleasure your car provides. We have therefore come up with the Maserati Extended Warranty programme, designed to extend the warranty of your Maserati Folgore to up to five years, with no mileage limits.

This means that you can drive as far as you want whilst ensuring that your car is protected with the same attention to detail as during the design phase.

Maserati Extended Warranty provides the same coverage as the contractual warranty for up to five years after the car was registered. The only thing you do need to think about is how and when you want to activate it: one or more years at a time, during the contractual warranty period, or maximising your benefits with early activation.

REQUIREMENTS

To benefit from everything the Maserati Extended Warranty has to offer, you must meet certain requirements:

- It is recommended that all routine and non-routine maintenance envisaged by Maserati be carried out at an authorised Maserati Service Centre, as well as all work falling under mandatory and/or recall service campaigns notified by Maserati.
- No major accidents or tampering with the vehicle systems.
- Non-participation in competitions, no theft having occurred and/or the guarantee not having been suspended.

Extended Warranty is further subject to the following exclusions:

- Routine maintenance work and costs for materials subject to normal wear and tear.
- Alteration or deterioration of paint, chrome plating or upholstery due to normal wear and tear or abnormal conditions of use.
- Faults not attributable to material or construction defects, but resulting from misuse, accidents or use in sports competitions.
- Traction battery and/or other components not covered by specific warranties.
