# PRECISION AT EVERY TURN

## COMPLETE WHEELS

You'll have all you need to tailor your aesthetics and performance in the Maserati Complete Wheels. It matches your choice of wheel rims and Maserati Genuine Tyres, already balanced and ready to fit. Wheel centre caps and tyre pressure sensors complete this total package.

## BRANDED VALVE COVERS

A detail may be subtle, but it can still speak volumes. The branded Valve Covers are just such a feature. Embossed with the Maserati Trident on the valve cover cap, they are made of lightweight, rustproof material and whisper quality.

## MASERATI GENUINE TYRES

Take advantage of our racing heritage by fitting Maserati Genuine Tyres. The "MGT" (Maserati Genuine Tyres) marking is your reassurance of optimal control and precision. Tailored to the conditions, the Summer and Winter tyres for the Ghibli offer maximum performance on dry and wet roads.

## WHEEL RIMS

Each pairing of Maserati and driver has an individual character - whether you enjoy the passion of the open road or the thrill of the city streets. The choice of Wheel Rims puts a very personal stamp on a car, giving it a sense of style that matches its owner. The Maserati range of bold, elegant wheel rims emphasise the vehicle's speed, power and style in different measures. ## MASERATI STYLE, FLAWLESSLY PRESERVED

### OUTDOOR CAR COVER RESTYLING / PERSONALIZED

Protect your Ghibli beautifully with our Outdoor Car Cover. Breathable and stretchable, the figure-hugging fabric flexes with the wind and shrugs off the rain with no hint of flapping or rattling. The cover is a lustrous light grey colour adorned with the Trident, and it can also be personalised with your initials on demand. Three side air vents add a finishing touch in true Maserati style.

### INDOOR CAR COVER ZEGNA

Specifically tailor made, the Maserati Zegna Indoor Car Cover not only fully protects your Ghibli but ensures your vehicle looks as sensational in your garage as it does on the road. Thanks to the exclusive stretchy and breathable fabric, the Zegna Indoor Car Cover assures the best fit and avoids any condensation, making sure your Ghibli is completely protected and taken care of.

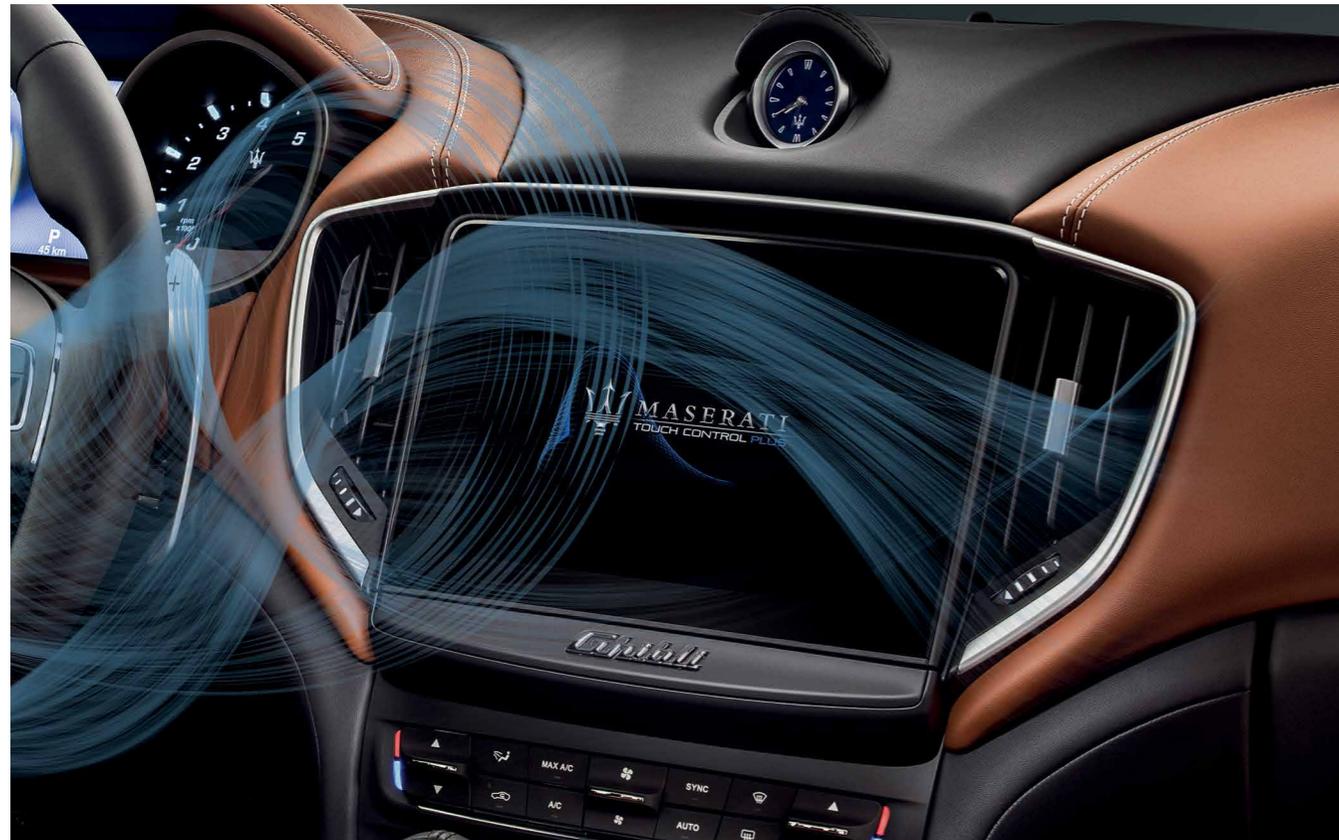

### INDOOR CAR COVER RESTYLING / PERSONALIZED

Make sure your Ghibli is completely and beautifully protected with our Indoor Car Cover. Snug inside the cover, the car's smooth lines are pleasingly visible, while the specially chosen, anti-laddering fabric, which can also be personalized with your initials, ensures bodywork, rims and tyres remain pristine. The cover folds neatly into a branded bag when you're ready to get behind the wheel.

# M

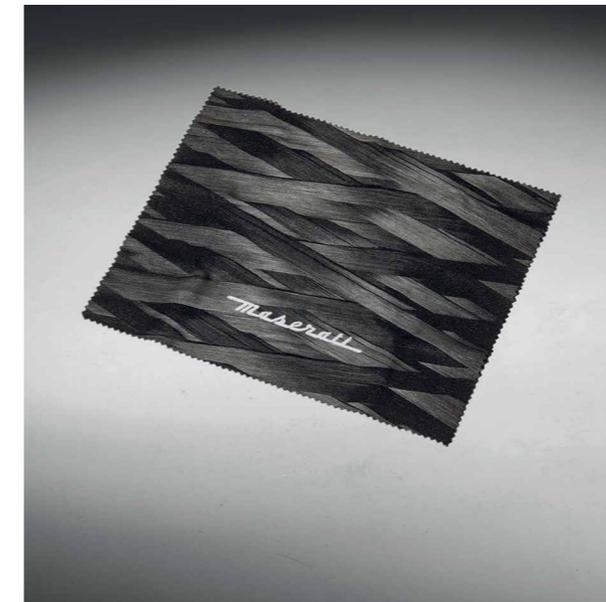

## MULTIFUNCTIONAL AIR FILTER

The Multifunctional Air Filter consists of three layers of different filtration materials to give you the safest air to breathe inside your Maserati. The filter can in fact efficiently provide in-car air filtering from harmful particles, and significantly improve and maintain the car interior air quality, for the most comfortable driving experience.

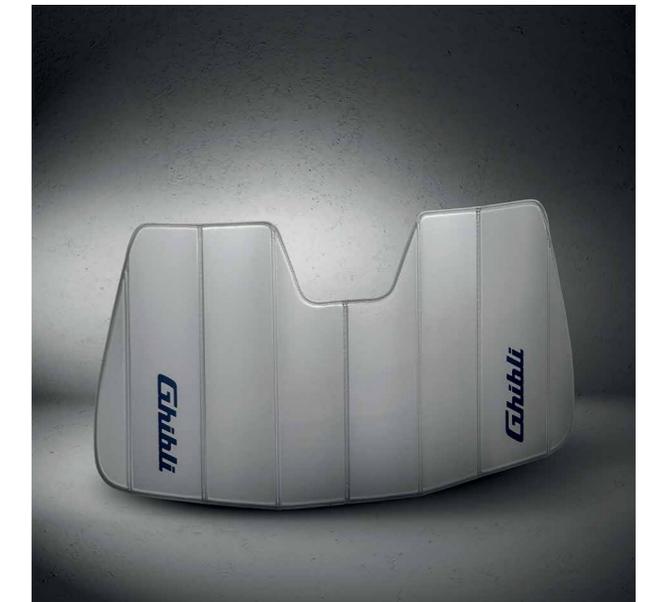

## MICROFIBRE CLOTH

Wipe away fingerprints on your touchscreen simply and quickly with the Microfibre Cloth. Featuring a printed carbon fibre pattern, it is cleverly designed to clean and protect your Maserati's Touch Control display leaving it in perfect condition.

## SUNSHADE

Precisely made-to-measure for the Ghibli, the Sunshade slots smoothly into place without any need for extra attachment. Sporting Ghibli lettering silk-screened on the outer side and the Maserati logo embroidered on the inside, you can fold the sunshade neatly into a branded bag when not in use.

# B

## BATTERY CHARGER & MAINTAINER

The Battery Charger and Maintainer keeps a watchful eye on your battery levels, maintaining them at between 95% and 100% so your Maserati is ready to go whenever you are. Simply connect the charger into a standard power socket and attach it to your battery and plugs - you can leave it connected for several months.

## S

**SIDE PROTECTIVE FILMS**

On a high-performance vehicle, the sides of the bodywork are vulnerable to scratches and dulling from gravel. The Side Protective Film allows you to enjoy an exhilarating drive without hesitation, knowing that your paintwork is shielded from damage. Created from the same urethane layer as the Protective Film for the Loading Edge, it is virtually invisible and will remain so over time. The film is applied using a water-based adhesive solution, which can be removed without leaving any residue.

**PROTECTIVE FILM FOR THE LOADING EDGE**

Heavy suitcases can be loaded without worry thanks to the Protective Film applied to the rear bumper's loading edge. Made from a moulded urethane layer, it provides reassuring protection for your bodywork. It will remain perfectly transparent over your Maserati paintwork and, if necessary, can be peeled off without a trace.

## ALL SEASONS FLOOR MATS

The All Seasons Floor Mats offer robust protection and the safest possible drive. Perfectly fitted, the mats anchor firmly to the floor with clips, making sure the carpet is completely covered and the pedals are unobstructed. The easy-to-clean black rubber offers excellent grip, wet or dry. It is completely waterproof and resists snow, sand, oil and mud. The kit consists of two front and two rear mats.

## ALL SEASONS FLOOR MATS WITH EDGE

The All Seasons Floor Mats with Edge are the ideal solution to protect the vehicle's interior and preserve the quality and beauty of the passenger compartment over the time, even in the most extreme conditions. Made of black rubber material, the mats are shaped to precisely fit the interiors of your car, efficiently protecting from water, mud, sand and any other external agents.

## BRANDED FLOOR MATS

Our Branded Floor Mats are designed to enhance the luxurious interior of the Ghibli. Each mat is trimmed with eco-leather, and the driver's mat is decorated with a finely embroidered version of the Ghibli logo on a special insert. The mats mould to the shape of the vehicle and anchor for stability and safety while driving. The colour options - Black, Brown and Sabbia - perfectly complement the interior upholstery. The kit consists of two front and two rear mats.

# THE PLEASURE OF TRAVELLING

Our practical accessories help you make the most of the ample luggage capacity in the Ghibli, whether you're carrying suitcases for your family or just your jacket and briefcase. With everything you need to secure your belongings and protect your car's finish, you can concentrate on enjoying your time behind the wheel.

## EFFICIENT DESIGN FOR EFFORTLESS TRAVEL

### LUGGAGE COMPARTMENT MAT

The Luggage Compartment Mat is a perfect fit for the Ghibli, covering and protecting every inch of the carpet. The washable, waterproof material protects against water, snow, sand, oil or mud. The mat is elegantly decorated, echoing the lines of the car's interior and recalling its sporty, stylish silhouette.

### REVERSIBLE LUGGAGE COMPARTMENT MAT

Whether you're loading up luxury luggage or snow-caked skiing gear, the Reversible Luggage Compartment Mat ensures your luggage compartment is prepared. One side of the mat is hard-wearing rubber, waterproof and easy to clean. The other is plush black carpet. A comfortable handle on either side makes it easy to lift, turn and position the mat. Both sides are embellished with an elegant metal plate, hand-enamelled in black, bearing the Maserati logo.

### LOADING EDGE PROTECTIVE MAT

Extending almost to ground level, this mat protects the edge of the luggage compartment and the rear bumper against the unavoidable bumps from heavy luggage. Designed in robust, non-flammable and water-repellent material, it will keep your paintwork and bodywork in immaculate condition for longer.

# L

## LUGGAGE COMPARTMENT NET

In order for you to focus on driving your Maserati, we've designed a Luggage Compartment Net that keeps belongings firmly in place. Crafted in black colour, it attaches securely to the luggage compartment floor. With a double layer for extra security, it ensures smaller items are safely anchored while you enjoy your on-road experience to the full.

## SKI & SNOWBOARD BAG

Substantial enough for three pairs of skis, or a pair of skis and a snowboard, the Ski and Snowboard Bag is the perfect partner for your Ghibli on the slopes. With a rear seat folded down, the bag slots neatly into place, securely attached to a hook in the luggage compartment and to the rear seat with a sturdy strap. The bag can be extended by 30 cm to comfortably accommodate longer length skis.

## LUGGAGE COMPARTMENT FOLDABLE BOX

Providing the most efficient use of space in the luggage compartment, the Foldable Box is the ideal place to store your smaller items safely. Beautifully designed and impressively versatile, with attachments and pockets, it's both elegant and immensely versatile. Collapsing the two large compartments, it transforms into a Maserati branded leather-finish briefcase, to hold your important documents or a tablet.

# THE PLEASURE OF RELAXING

Whether you're a driver or a passenger, a journey in a Ghibli is always time well spent. It's a luxurious rest, a chance for quiet focus, or a moment of pure exhilaration as the engine roars. The range of technological and functional accessories for the Ghibli is designed to make the most of your time, maximising the enjoyment, ease and convenience you get from your luxury sports sedan.

## AN INVITATION TO UNWIND

**COURTESY LIGHTS WITH LOGO**  
Customize your Maserati with a touch of exclusivity with specifically designed Courtesy Lights with Logos. Feel free to choose between two different lenses ("Maserati" or "Trident" logos) to emphasize the elegant and sporty soul of your Maserati, leaving a distinctive sign when getting out of the car.

**UMBRELLA**  
Hardwearing and beautifully practical, the Maserati umbrella is double-folding to fit neatly in the front glove box or door panel compartments. With subtle black-on-black tonal designs and a chrome-plated Maserati Trident on the handle it complements your car's exterior beautifully.

**UNIVERSAL TABLET HOLDER\***  
While you enjoy being behind the wheel of your Ghibli, your passengers in the back can relax with quality in-seat entertainment. The Universal Tablet Holder mounts securely on the front seat headrest and holds a tablet or large smartphone. It can be easily adjusted to the perfect position for watching films or reading documents.

Designed in black soft-touch material, the holder features a silk-screened Maserati logo in silver grey, attractive and unobtrusive enough that it can be left installed in place at all times.

\*Please be aware, the Universal Tablet Holder cannot be installed if the vehicle is equipped with Sport Seats.

## P

**PERSONALIZED FRONT DOOR SILLS PLATES**

Make your Maserati a unique masterpiece. In line with the Trident style, luxury and exclusivity, it is now possible to personalise the Front Door Sill Plates with the name initials or a combination of letters, graphically embellished with the iconic "Saetta" line logo that distinguishes all the Maserati vehicles.

**FRONT AND REAR PARKING SENSORS\***

For easy and safe manoeuvres, the Front and Rear Parking Sensors give you a better sense of the objects around you. Using the clear graphic representation on the multifunction display screen, you can precisely judge your parking and turning. There are six front and four rear sensors, giving excellent coverage and accuracy.

\*Please check whether your vehicle can be fitted with these components.

**HOT SPOT WI-FI CONNECTION MODULE\***

Turn your sports sedan into an office – or a living room. The Hot Spot Wi-Fi Connection Module provides wireless internet access on the road, allowing you to connect up to three devices. While you enjoy the drive, your passengers can send emails, work in the Cloud, or just take a well-earned online break. The module supports HSDPA, UMTS, EDGE and GSM.

\*Please check whether your vehicle can be fitted with these components.

# R

## REAR-VIEW PARKING CAMERA\*

With the Rear-View Parking Camera, you get the optimal view of your surroundings. The picture on the internal display screen is always clear, even in low light or bright sunshine. The camera fits discreetly next to the luggage compartment opening button, above the number plate.

\*Please check whether your vehicle can be fitted with these components.

## REAR WINDOW ELECTRIC SUNSHADE\*

The Rear Window Electric Sunshade filters the sunlight, reducing heat and cutting down glare in the passenger compartment. The driver can control the sunshade via the car display, and the rear passengers can control it via a small switch panel.

\*Please check whether your vehicle can be fitted with these components.

## KICK FUNCTION\*

Thanks to a sensor positioned under the rear vehicle bumper, the Kick Function controls the automatic opening and closing of the luggage compartment door by detecting a simple foot movement.

\*Please check whether your vehicle can be fitted with these components.

## PRIVACY REAR WINDOW\*

The Privacy Rear Window Kit is designed to keep the passenger compartment private while still allowing your passengers to enjoy the scenery. From outside the car, the privacy glass obscures the view of the rear seats and gives the windows a stylish dark sheen. Inside it's cool and peaceful. The windows don't just block out prying eyes – they are highly UV reflective, filtering out the harmful wavelengths from the sunlight.

\*Please check whether your vehicle can be fitted with these components.

## REMOTE START\*

Start your ideal journey before boarding. The Remote Start Function allows the Customer to create the desired temperature when entering the car by activating the cooling/heating system remotely. By simply pressing a button on the car key, the Remote Start will activate the air conditioning or heating system.

\*Please check whether your vehicle can be fitted with these components.

# THE PLEASURE OF FEELING SAFE
