MAKE EVERY DAY
EXCEPTIONAL

By choosing the Ghibli, you’re demanding more from your drive: more luxurious relaxation; more thrilling enjoyment behind the wheel.

Our range of accessories reflects that thirst for excellence, further enhancing the comfort, style and exhilarating driving experience of this truly extraordinary vehicle.
THE PLEASURE OF CUSTOMISING

Each wheel on the Ghibli is a small masterpiece, perfectly balanced, technologically advanced and eminently stylish. When you customise your wheels, you’ll discover the peak of pin-sharp handling and refined power your car can offer – and you’ll mark it with your own personal style.
COMPLETE WHEELS
You’ll have all you need to tailor your aesthetics and performance in the Maserati Complete Wheels. It matches your choice of wheel rims and Maserati Genuine Tyres, already balanced and ready to fit. Wheel centre caps and tyre pressure sensors complete this total package.

MASERATI GENUINE TYRES
Take advantage of our racing heritage by fitting Maserati Genuine Tyres. The “MGT” (Maserati Genuine Tyres) marking is your reassurance of optimal control and precision. Tailored to the conditions, the Summer and Winter tyres for the Ghibli offer maximum performance on dry and wet roads.

BRANDED VALVE COVERS
No detail is too small to be highlighted. Available in three colour variants (black with silver Trident, black with red Trident, silver with blue Trident), the Branded Valve Cap Kit is distinguished by the iconic Trident logo at the centre.

WHEEL RIMS
Each pairing of Maserati and driver has an individual character - whether you enjoy the passion of the open road or the thrill of the city streets. The choice of Wheel Rims puts a very personal stamp on a car, giving it a sense of style that matches its owner. The Maserati range of bold, elegant wheel rims emphasise the vehicle’s speed, power and style in different measures. Part of your journey as a Maserati owner is making that personal decision for your vehicle. All of the wheel rim options available when originally customising a Maserati are also available as part of the Accessories range.

BRAKE CALIPERS
The subtle flash of Brake Callipers from behind the wheel spokes confirms your Ghibli as a true sports car. You can choose from colour or metallic, to make your own personal statement.

SECURITY STUD BOLT
An additional touch of style to your unique wheel rims with the black-finished or chrome-plated bolts. They are unexpectedly elegant and bold, paired to the wrench in the kit, they cannot be removed by any other tool. The full kit protects all your wheel rims and includes the wrench and four security bolts.

WHEEL CENTRE CAPS
Strongly evocative of the Maserati performance soul and the assertive power of the Ghibli, our Wheel Centre Caps instil your wheel rims with racetrack energy. Choose from powerful Matt Black, silken Glossy Black, or stylish Carbon Fibre, all with the iconic Maserati Trident logo as a centrepiece.
The spine-tingling resonance of a Maserati engine makes it impossible to forget that the Ghibli is a luxury vehicle with a racing heritage. If you choose, you can emphasise the sportiness of your vehicle still further, creating a driving experience that's rich in style and passion.
**EXPERIENCE THE EXHILARATION OF THE TRACK**

In a city full of sports sedans, the Ghibli stands out instantly. Its assertive grace, its air of racetrack excitement and the controlled power of its engine are all unmistakable characteristics that mark it out as a Maserati. With our range of care accessories you can keep your Ghibli in perfect condition, drawing all eyes wherever it goes.
CARE AND PROTECTION

MASERATI STYLE, FLAWLESSLY PRESERVED

OUTDOOR CAR COVER PERSONALIZED
Protect your Ghibli beautifully with our Outdoor Car Cover. Breathable and stretchable, the figure-hugging fabric flexes with the wind and shrugs off the rain with no hint of flapping or rattling. The cover is a lustrous light grey colour adorned with the Trident, and it can also be personalised with your initials on demand. Three side air vents add a finishing touch in true Maserati style.

INDOOR CAR COVER ZEGNA
Specifically tailor made, the Maserati Zegna Indoor Car Cover not only fully protects your Ghibli but ensures your vehicle looks as sensational in your garage as it does on the road. Thanks to the exclusive stretchy and breathable fabric, the Zegna Indoor Car Cover assures the best fit and avoids any condensation, making sure your Ghibli is completely protected and taken care of.

INDOOR CAR COVER PERSONALIZED
Make sure your Ghibli is completely and beautifully protected with our Indoor Car Cover. Snug inside the cover, the car's smooth lines are pleasingly visible, while the specially chosen, anti-laddering fabric, which can also be personalized with your initials, ensures bodywork, rims and tyres remain pristine. The cover folds neatly into a branded bag when you're ready to get behind the wheel.
MICROFIBRE CLOTH
Keeping your Maserati Touch Control display free from fingerprints is a simple matter with the specific Microfiber Cloth. The new Maserati pattern is specially designed to clean and protect your touchscreen and keep it completely smear-free.

BATTERY CHARGER & MAINTAINER
The Battery Charger and Maintainer keeps battery levels at between 95% and 100%, topping up with extra charge whenever necessary. It easily attaches to your battery and plugs into a standard power socket - and you can keep it connected to your vehicle for several months without any risk of damage.
SIDE PROTECTIVE FILMS
On a high-performance vehicle, the sides of the bodywork are vulnerable to scratches and dulling from gravel. The Side Protective Film allows you to enjoy an exhilarating drive without hesitation, knowing that your paintwork is shielded from damage. Created from the same urethane layer as the Protective Film for the Loading Edge, it is virtually invisible and will remain so over time. The film is applied using a water-based adhesive solution, which can be removed without leaving any residue.

PROTECTIVE FILM FOR THE LOADING EDGE
Heavy suitcases can be loaded without worry thanks to the Protective Film applied to the rear bumper’s loading edge. Made from a moulded urethane layer, it provides reassuring protection for your bodywork. It will remain perfectly transparent over your Maserati paintwork and, if necessary, can be peeled off without a trace.
BRANDED FLOOR MATS
Our Branded Floor Mats are designed to enhance the luxurious interior of the Ghibli. Each mat is trimmed with eco-leather, and the driver’s mat is decorated with a finely embroidered version of the Ghibli logo on a special insert. The mats mould to the shape of the vehicle and anchor for stability and safety while driving. The colour options – Black, Brown and Sabbia – perfectly complement the interior upholstery. The kit consists of two front and two rear mats.

ALL SEASONS FLOOR MATS
All Seasons Floor Mats offer robust protection and the safe possible drive. Perfectly fitted, the mats anchor firmly to the floor with clips, making sure the carpet is completely covered and the pedals are unobstructed. The easy-to-clean black rubber offers excellent grip, wet or dry. It is completely waterproof and resists snow, sand, oil and mud. The kit consists of two front and two rear mats.

ALL SEASONS FLOOR MATS WITH EDGE
The All Seasons Floor Mats with Edge are the ideal solution to protect the vehicle’s interior and preserve the quality and beauty of the passenger compartment over the time, even in the most extreme conditions. Made of black rubber material, the mats are shaped to precisely fit the interiors of your car, efficiently protecting from water, mud, sand and any other external agents.
Our practical accessories help you make the most of the ample luggage capacity in the Ghibli, whether you’re carrying suitcases for your family or just your jacket and briefcase. With everything you need to secure your belongings and protect your car’s finish, you can concentrate on enjoying your time behind the wheel.
EFFICIENT DESIGN FOR EFFORTLESS TRAVEL

LOADING EDGE PROTECTIVE MAT
Extending almost to ground level, this mat protects the edge of the luggage compartment and the rear bumper against the unavoidable bumps from heavy luggage. Designed in robust, non-flammable and water-repellent material, it will keep your paintwork and bodywork in immaculate condition for longer.

LUGGAGE COMPARTMENT MAT
The Luggage Compartment Mat covers the floor of the Ghibli luggage compartment perfectly, leaving the anchors and optional luggage rails uncovered and accessible, or, in its full version, fitting the vehicle’s boot completely thanks to the raised edge. Washable, waterproof and 100% recyclable, the thermoplastic material protects the interior from water, smell, dirt and wear, assuring high-level quality, strength and flexibility.

*The Full Version of the Luggage Compartment Mat is not compatible with the Maserati

REVERSIBLE LUGGAGE COMPARTMENT MAT
Whether you’re loading up luxury luggage or snow-caked skiing gear, the Reversible Luggage Compartment Mat ensures your luggage compartment is prepared. One side of the mat is hard-wearing rubber, waterproof and easy to clean. The other is plush black carpet. A comfortable handle on either side makes it easy to lift, turn and position the mat. Both sides are embellished with an elegant metal plate, hand-enamelled in black, bearing the Maserati logo.

TRANSPORT AND LOADING SOLUTIONS
LUGGAGE COMPARTMENT NET
In order for you to focus on driving your Maserati, we’ve designed a Luggage Compartment Net that keeps belongings firmly in place. Crafted in black colour, it attaches securely to the luggage compartment floor. With a double layer for extra security, it ensures smaller items are safely anchored while you enjoy your on-road experience to the full.

LUGGAGE COMPARTMENT FOLDABLE BOX
Providing the most efficient use of space in the luggage compartment, the Foldable Box is the ideal place to store your smaller items safely. Beautifully designed and impressively versatile, with attachments and pockets, it’s both elegant and immensely versatile. Collapsing the two large compartments, it transforms into a Maserati branded leather-finish briefcase, to hold your important documents or a tablet.

SKI & SNOWBOARD BAG
Substantial enough for three pairs of skis, or a pair of skis and a snowboard, the Ski and Snowboard Bag is the perfect partner for your Ghibli on the slopes. With a rear seat folded down, the bag slots neatly into place, securely attached to a hook in the luggage compartment and to the rear seat with a sturdy strap. The bag can be extended by 30 cm to comfortably accommodate longer length skis.
Whether you’re a driver or a passenger, a journey in a Ghibli is always time well spent. It’s a luxurious rest, a chance for quiet focus, or a moment of pure exhilaration as the engine roars. The range of technological and functional accessories for the Ghibli is designed to make the most of your time, maximising the enjoyment, ease and convenience you get from your luxury sports sedan.
PERSONALIZED FRONT DOOR SILLS PLATES
Make your Maserati a unique masterpiece. In line with the Trident style, luxury and exclusivity, it is now possible to personalize the Front Door Sill Plates with the name initials or a combination of letters, graphically embellished with the iconic “Saetta” line logo that distinguishes all the Maserati vehicles.

UNIVERSAL TABLET HOLDER*
While you enjoy being behind the wheel of your Ghibli, your passengers in the back can relax with quality in-seat entertainment. The Universal Tablet Holder mounts securely on the front seat headrest and holds a tablet or large smartphone. It can be easily adjusted to the perfect position for watching films or reading documents. Designed in black soft-touch material, the holder features a silk-screened Maserati logo in silver grey, attractive and unobtrusive enough that it can be left installed in place at all times.

*Please be aware, the Universal Tablet Holder cannot be installed if the vehicle is equipped with Sport Seats.

COURTESY LIGHTS WITH LOGO
Customize your Maserati with a touch of exclusivity by choosing one of the Maserati specifically designed Courtesy Lights. Each one presents a different version of the Maserati Logo. Emphasize the elegant and sporty soul of your Maserati, leaving a distinctive mark when exiting your car.

TECHNOLOGY AND FUNCTIONALITY
