Modena

Maserati presents the Grecale, the new SUV and the embodiment of the concept of “The Everyday Exceptional”.

Once again, the new model bears the name of a wind. The Grecale is a north-easterly Mediterranean wind, and now also an SUV expected to play a major role in the Maserati range. Naming its cars after the most famous winds in the world is a tradition for the brand. It all began in 1963 with the legendary Mistral. Ghibli, Bora, and Khamsin would follow in turn. In 2016, came the Levante, the first SUV in the Trident brand’s history.

Passion, innovation, versatility and style are the ingredients of the Grecale, soon to be launched with a wide range of powertrains: conventional internal combustion engine, Hybrid and, in the future, Full-Electric.

The new Maserati is the everyday exceptional: the thrill of luxury and pure innovation, in perfect balance. A car with great performance, unique, stylish lines and character, and the highest quality in its interiors, courtesy of the refinement of the materials selected for its finishes. Not to mention the [REDACTED] taking as a starting point the typical Maserati roar of the engine, all the way to the immersive acoustic experience provided by [REDACTED] Grecale is also an everyday car, an SUV in which to take your children to school or to commute to work and face up to the everyday without compromise.

The new SUV embodies Maserati's all-Italian audacity in making luxury and exceptional performance part of the daily routine.

The Grecale is an SUV that stands out in terms of [REDACTED] features. It [REDACTED] in terms of interior space, driveability, handling, acceleration, top speed, sound quality, extensive use of materials such as wood, [REDACTED] and excellent standard specifications.

The Grecale is available in [REDACTED] versions: [REDACTED] powered by a [REDACTED] engine capable of delivering [REDACTED] hp; [REDACTED] with a [REDACTED] cylinder [REDACTED] [REDACTED] hp engine; and [REDACTED] powered by a high-performance [REDACTED] hp [REDACTED]. The Grecale range will be completed with the debut of the Full-Electric version, using [REDACTED]V technology.

Also at launch, the Grecale is available [REDACTED]

The Grecale is produced at the Cassino plant in Italy and is destined to play a leading role for Maserati. An SUV with generous dimensions: the [REDACTED] is [REDACTED] mm long with a wheelbase of [REDACTED] mm, a height of [REDACTED] mm, a width of [REDACTED] mm (Incl. mirrors). With a rear wheel track of [REDACTED] mm, it has a distinctively sporty appearance, without sacrificing comfort, which also [REDACTED] the rear. The Grecale accommodates [REDACTED] in both the front and rear seats.

A journey aboard the new Maserati model is transformed into a unique experience, combining extraordinary handling with prestigious dynamic and acoustic comfort. The attention to detail, such as the laminated windows that guarantee optimal sound absorption, with no loss in the pleasure and uniqueness of the Maserati sound.

**I'm the Maserati Grecale.
I can't tell you much more.**

There's no stopping the energy of Maserati Grecale.
The gaps will be filled in on 22 March.
Stay Tuned.

Maserati S.p.A.

Maserati produces a complete range of unique cars, immediately recognisable by their extraordinary personality. Thanks to their style, technology and innately exclusive character, they delight the most discerning, demanding tastes and have always been a reference point for the global automotive industry. A tradition of successful cars, each of them redefining what makes an Italian sports car in terms of design, performance, comfort, elegance and safety, currently available in more than seventy markets internationally. Ambassadors of this heritage are the Quattroporte flagship, the Ghibli sports sedan, and the Levante, the first SUV made by Maserati, all models characterised by the use of the highest quality materials and excellent technical solutions. Ghibli and Levante are now also available in hybrid version, the Trident Brand's first electrified cars. A complete range, equipped with V6 and V8 petrol, and 4 cylinder hybrid powerplants, with rear-wheel and four-wheel drive. The Trofeo Collection, comprising Ghibli, Quattroporte and Levante, equipped with the powerful 580 hp V8 engine, further embodies the performance DNA of the Trident Brand. The top-of-the-range is the MC20 super sports car, powered by the ground-breaking Nettuno V6 engine, incorporating F1-derived technologies available in the power unit of a standard production car for the first time.
