

EXTENDED WARRANTY

GO *the* DISTANCE

EXHILARATION AND COMFORT ASSURED

Your Maserati was built to perform at the highest level, while also providing superb comfort and practicality – whether you're commuting or crossing a continent.

We firmly believe that nothing should compromise the enjoyment all this delivers. Which is why we designed the Maserati Extended Warranty program. With this, you can extend the warranty of your Maserati through to the seventh year, with no limits on mileage. This means you can drive any distance, safe in the knowledge that your car is being cared for with the same pride and attention to detail that went in to creating it.

What's more, all warranty and maintenance work is carried out at official Maserati dealerships by highly skilled Maserati technicians using Maserati Genuine Parts.

There are two program options:

- Maserati Extended Warranty provides the same cover as your contractual warranty up to the fifth year after the registration date.
- Maserati Limited Extended Warranty offers protection for the main mechanical components of your car – the engine, gearbox and transmission – up to the seventh year after the registration date.

In Australia and New Zealand, the Extended Warranty programs also include roadside assistance for even greater peace of mind.
