INNOVATIVE ITALIAN
DESIGN IN EVERY DETAIL

B

Born from the finest-quality materials and precision engineering, the Maserati GranTurismo and GranCabrio effortlessly combine race-bred power with bold Italian design. And this is equally true of everything that accompanies these two cars.

Our range of accessories allows to refine the performance, comfort and style of your GranTurismo/GranCabrio, so you can make any journey emphatically yours and unmistakably Maserati.

THE PLEASURE OF CUSTOMISING

When you drive a car with a racing soul, you have powerful technology on your side. Perfectly balanced wheels allow you to react instantly to the sensation of the road beneath you. That instinctive, visceral driving experience is what our wheels and tyres are designed to deliver.

TECHNICAL PRECISION, INSTINCTIVE PERFORMANCE

MASERATI GENUINE TYRES

Maserati Genuine Tyres bring racing knowhow to the road. The "MGT" (Maserati Genuine Tyres) marking is a promise of optimal control and precision. Tailored to the conditions, the Summer and Winter tyres offer maximum performance on dry and wet roads.

COMPLETE WHEELS

To easily tailor your aesthetics and performance, Maserati Complete Wheels combine the wheel rims and Maserati Genuine Tyres, pre-balanced and ready to be fitted to the vehicle. All come equipped with wheel centre caps and tyre pressure sensors.

BRAKE CALIPERS

The unmistakable mark of a true sports car, the Brake Calipers add a flash of colour or metallic sheen between the bold spokes of the wheel rims.

WHEEL RIMS

Each pairing of Maserati and driver has an individual character – whether you enjoy the passion of the open road or the thrill of the city streets. The choice of Wheel Rims puts a very personal stamp on a car, giving it a sense of style that matches its owner. The Maserati range of bold, elegant wheel rims emphasises the vehicle's speed, power and style in different measures. Part of your journey as a Maserati owner is making that personal decision for your vehicle.

All of the wheel rim options available when originally customising a Maserati are also available as part of the Accessories range.

* Please check whether your vehicle can be fitted with these components.

S

SECURITY STUD BOLT KIT

The Security Stud Bolt Kit protects your desirable Maserati wheel rims against theft. Unnoticeable when fitted, the chrome-plated bolts are an unexpectedly elegant piece of design. Each is threaded to match the wrench in the kit and cannot be removed with any other tool. The kit includes the wrench and four security bolts, one per wheel rim.

**BRANDED VALVE COVERS**

The Maserati Trident is a stamp of quality – and on a vehicle crafted for perfection, no detail is too small to enhance. The Branded Valve Covers are made of lightweight, rustproof material, with the Trident embossed on the cap.

**CARBON CENTRE WHEEL CAP**

For the ultimate racing aesthetic, complete the set of carbon fibre exterior components with the new Carbon Centre Wheel Cap. Featuring the iconic Trident logo, the sleek black carbon fibre lends the wheel rims an extra sense of race-ready aggression. The Carbon Centre Wheel Cap is tested and approved by the Maserati R&D and Quality Departments. It can be used with all wheel rims in the current GranTurismo and GranCabrio range.

THE PLEASURE OF PERFORMING

Wherever it goes, a Maserati draws the eye. Iconic racing style is displayed in every aerodynamic line. And when you choose accessories that add extra touches of the racing aesthetic, you're subtly accenting the true essence of your GranTurismo/GranCabrio.

STYLE THAT EMBODIES THE LOVE OF RACING

PEDAL COVERS

Far more than a striking design feature, the Pedal Covers were developed by the Maserati Technical Team for high-performance driving. Two versions are available: the Aluminium Sport Pedal Covers, embossed with the Trident logo, and the MC Sport Line Pedal Covers, with a striking design bearing the MC logo in red. The carvings on each brushed aluminium pedal guarantee maximum grip.

EXTERIOR CARBON PACKAGE RETROFIT KIT*

For GranTurismo and GranCabrio models that weren't originally customised with carbon fibre detailing, the Exterior Carbon Package Retrofit Kit allows you to add these unmistakable racing touches at a later date.

The kit includes several carbon fibre sport customisations:

- Mirror covers
- Door handles
- Side skirts
- Rear Spoiler
- Aerodynamic Fins
- Bonnet

* Please check whether your vehicle can be fitted with this accessory.

D

DOORSILL PLATES

A custom Doorsill Plate adds extra satisfaction to the experience of stepping into a full-blooded sports car. Choose from Titantex or Alutex metalised glass fibre, or reach the height of Maserati's racing aesthetic with carbon fibre emblazoned with the MC logo.

CARBON DOORSILL PLATES

Our latest option for the Carbon Doorsill Plate introduces a new design. In place of the MC logo, you can choose to display the Maserati Trident flanked by graphic lines that reflect your vehicle's iconic side vents.

Alutex

Carbon

THE PLEASURE OF CARING

Place your hand on a Maserati and you can feel it humming with the desire for speed. It seems alive – your own thoroughbred sports car. Our range of care and protection accessories allow you to treat your GranTurismo/GranCabrio as a sophisticated machine should be treated: with affection and respect.

POTENTIAL THAT DESERVES TO BE CHERISHED

INDOOR CAR COVER

When safely enveloped in its Maserati blue Indoor Car Cover, your GranTurismo/GranCabrio appears almost as striking as it does on the road. The cover fits like a second skin, highlighting the car's smooth lines and elegant details. Its high quality, anti-laddering fabric protects the bodywork, rims and tyres from dust and damage. When you're ready to escape the garage, it packs neatly into a branded bag.

OUTDOOR CAR COVER

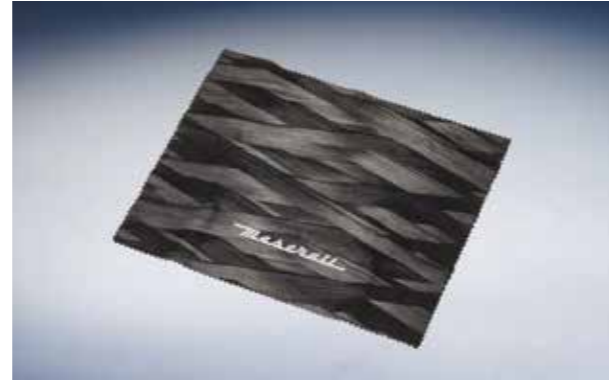

Keep your Maserati pristine when parked outdoors with our most technologically advanced Outdoor Car Cover. Breathable, stretchable fabric flexes with the wind, hugging the bodywork whatever the weather conditions. No tension, no flapping, no rattling – complete protection. The sleek, subtle light grey is embellished with the Trident, the Maserati brand name and the vehicle model. Highlights on the three side air vents add a hint of Maserati style.

M

MICROFIBRE CLOTH

To prevent so much as a thumbprint from marring your Maserati, care for your touchscreen with the specialist Microfibre Cloth. The printed carbon fibre pattern enriches the cloth, which is specially designed to clean and protect the Maserati Touch Control display.

SUNSHADE

The made-to-measure Sunshade is so perfectly crafted to fit the GranTurismo and GranCabrio that it slots into place without any need for attachment. You'll always find your car cool and fresh when you return to it. The sunshade has the Maserati logo, silk-screened on the outer side and embroidered on the inside. It folds down to store in a branded bag.

B

BATTERY CHARGER & MAINTAINER

Even drivers who spend long periods away from their Maserati can return to a battery that's optimally charged and ready to conquer the road. The Battery Charger and Maintainer keeps battery levels at between 95% and 100%, topping up with extra charge whenever necessary. It's also very straightforward to use – attaches to your battery and plugs into a standard power socket. It can stay connected for several months without any risk of damage to your vehicle.

S

SIDE AND UNDER-HANDLE PROTECTIVE FILMS

On a high-performance vehicle, two of the most vulnerable areas of paintwork are the side by the rear wheel and the panel beneath the handle. Our protective kits shield those areas from scratches and dulling. Perfectly transparent, the precisely shaped urethane protective layer shows off your paintwork as vibrantly as ever. The film is applied with a water-based solution, and is easy to remove without leaving any traces of adhesive behind.

THE PLEASURE OF TRAVELLING

Accept no compromise. For a truly luxurious journey, your vehicle needs to carry life's comforts with you. Efficient use of the GranTurismo and GranCabrio luggage compartment gives you the capacity to travel with everything you need.

UNCONSTRAINED POSSIBILITIES FOR EVERY JOURNEY

LUGGAGE COMPARTMENT NET

With the powerful acceleration in your Maserati, your belongings in the luggage compartment need a little security. Our classic black Luggage Compartment Net attaches tightly to the four rings in the luggage compartment floor. It keeps small and medium sized items safely anchored so you can enjoy your drive without hesitation.

LUGGAGE COMPARTMENT SIDE NET

The Luggage Compartment Side Net gives you another secure storage area for tucking away necessities that don't fit in your briefcase or handbag. The classic black net attaches to the left-hand wall of the luggage compartment, creating a small, versatile pocket.

LUGGAGE COMPARTMENT MAT & LUGGAGE COMPARTMENT PROTECTION

The Luggage Compartment Mat is a perfect fit for the GranTurismo, down to special pre-cut sections that uncover the four rings in the luggage compartment floor. Washable, waterproof and 100% recyclable, the thermoplastic material protects your vehicle's interior against whatever your suitcase wheels might encounter – water, snow, sand, oil or mud. The mat is elegantly detailed and Maserati branded. Alternatively, a non-slip rubber Luggage Compartment Protection is also available in stylish black, and will act as a shield against any weather.

P

PROTECTIVE MAT FOR LOADING EDGE

Reaching almost to ground level, this mat covers the edge of the luggage compartment and the rear bumper when loading or unloading. It protects the bodywork against the inevitable knocks and scratches caused by moving heavy luggage. The material is hard-wearing, non-flammable, and thoroughly water-repellent.

LUGGAGE COMPARTMENT FOLDABLE BOX

Beautifully designed and impressively versatile, the Luggage Compartment Foldable Box makes best use of the luggage compartment day to day, tidily storing your smaller belongings. The modular box forms two large compartments with attachments and pockets, either of which can be collapsed to leave more space for larger luggage. With both collapsed, it forms a stylish Maserati branded leather-finish briefcase, suitable for carrying documents or a tablet.

LUGGAGE SET

The full premium Italian leather of legendary leatherworkers Poltrona Frau is a signature feature of the GranTurismo interiors. The same leather brings an effortless air of Italian style to our matching Luggage Set. An elegantly minimalist design allows the quality of materials and workmanship to speak for itself. The leather is highlighted only by a contrasting trim and a subtle, tactile Trident logo. These six exquisite pieces are designed to fit perfectly into the luggage compartment, making the best possible use of space:

- large soft bag
- small soft bag
- large trolley
- small trolley
- large beauty case
- small beauty case

Colours:

- Black leather with blue trim
- Sabbia leather with red trim

THE PLEASURE OF RELAXING

The interior of a Maserati is a space designed for your comfort, and every aspect of it is tinted with luxury. Our range of accessories enhances that feeling of perfect contentment for you and your passengers, even on the longest journey.

A DYNAMIC DRIVE A RELAXING JOURNEY

UMBRELLA

Robust and ergonomic, the Maserati umbrella speaks of engineered quality. A double-folding design is subtly embellished with black-on-black tonal designs that reflect the car exterior and a chrome-plated Maserati Trident on the handle. It is perfectly sized for the front glove box or door panel compartments, and comes with both a waterproof zip-fastened case and a Maserati branded tote bag.

KEY HOLDER AND KEYRING SET

Turning the Maserati key and feeling the engine roar to life is an experience that deserves to be savoured every time. Exclusively designed for the GranTurismo and GranCabrio, the Key Holder and Keyring are worthy of that moment. Both are made of premium Italian leather in Maserati blue. The keyring is decorated with the relief view of your vehicle model, and the key holder proudly displays the Trident logo. Both are enriched with grey contrast stitching.

A

ASHTRAY

In the GranTurismo and GranCabrio Ashtray, glossy, smooth aluminium combines with chromed brass to match the chromed controls surrounding it. Elegant stitching and the Trident logo complete an attractive accessory. It fits perfectly into either of the car cupholders.

**WINDSTOP**

While enjoying the freedom of open-top driving, the GranCabrio Windstop protects the rear passengers from wind and noise just as the windscreen protects the driver. It attaches easily and, for extra convenience, can be left fitted if you need to put the top up. The Windstop packs away into its own bag and fits unobtrusively into the luggage compartment.

A dark blue Maserati convertible is shown from a rear three-quarter view, driving on a winding asphalt road. The car is open-top, and several passengers are visible inside. The license plate reads 'GC 460 HP'. The background features a scenic landscape with rolling hills, a small town, and a body of water in the distance. The road is bordered by a metal guardrail on the right and a steep, rocky embankment on the left. The overall atmosphere is one of luxury and adventure.

THE PLEASURE OF FEELING SAFE

There's nothing more valuable than your safety and that of your passengers. You know your Maserati contains the technology to protect you. Add to that our safety accessory range, and you can feel the peace of mind that tells you you're ready for whatever the journey may bring.

CLEAR YOUR MIND OF EVERYTHING BUT THE DRIVE

JUMPER CABLES

Jumper cables provide peace of mind and are essential for helping other road users. These easy-to-use cables come in a practical leather-finish case, marked with the Maserati name and designed to be easily stored in the luggage compartment.

EMERGENCY KIT*

With the Emergency Kit, you have everything you need to stay safety at the roadside. The kit comes in an elegant black case embellished with the Maserati name. Attached securely with Velcro, it fits neatly into the left-hand recess of the GranTurismo luggage compartment, or along the luggage compartment wall of either model.

Basic Emergency Kit

- Hazard triangle
- 2 reflective vests
- 2 light sticks
- Wind-up torch
- Gloves

Complete Emergency Kit

- Hazard triangle
- 2 reflective vests
- 2 light sticks
- Wind-up torch
- Gloves
- First aid kit
- Ice scraper

The hazard triangle and first aid kit can also be ordered separately and come in stylish yet practical Maserati casing.

* The items in the kit may vary from country to country.

C

CHILD SEATS

For your most precious passengers, we've partnered with well-known manufacturer Peg Pérego to develop three exclusive Child Seats. Emphatically Italian, Peg Pérego infuses the national qualities of style, design and loving care into every product.

The child seats are styled to complement the interior of your Maserati. They are upholstered in dark-grey fabric and black eco-leather with light-grey stitching. The Trident logo decorates the headrest, and the seat belt buckle is embellished with the Maserati name.

The range spans all seat weight classes:

- Group 0+, from 0 to 13 kg
- Group 1, from 9 to 18 kg
- Group 2/3, from 15 to 36 kg

All seats are practical and easy to fit. Group 0+ and Group 1 secure to the same ISOFIX base (available separately). Group 2/3 fits to the seat using the vehicle seat belt and the two anchors found at the rear. Each child seat is fully safety tested and type-approved according to the European ECE R44/04 standard.

Child seats are only available for the GranTurismo.

The Child Seats are available for the following countries: Albania, Algeria, Argentina, Austria, Belarus, Belgium, Bolivia, Bosnia-Herzegovina, Bulgaria, Chile, Colombia, Costa Rica, Croatia, Cyprus, Czech Republic, Denmark, Dominican Republic, Ecuador, Estonia, Finland, France, French Guiana, Germany, Great Britain, Greece, Guadeloupe, Honduras, Hong Kong, Hungary, India, Iran, Ireland, Italy, Japan, Kazakhstan, Kosovo, Latvia, Lebanon, Libya, Lithuania, Luxemburg, Macedonia, Malaysia, Malta, Mexico, Montenegro, Netherlands, Norway, Panama, Paraguay, Peru, Philippines, Poland, Polynesia, Portugal, Qatar, Reunion, Romania, Russia, San Marino, Saudi Arabia, Serbia, Singapore, Slovakia, Slovenia, South Africa, Spain, Sweden, Switzerland, Syria, Turkey, UAE, Ukraine, Uruguay, Uzbekistan, Venezuela.

P

PUSHCHAIR

Compact and practical, the Maserati-Peg Pérego Pushchair fits easily into the luggage compartment of the GranTurismo*. Unfolded, it's a vehicle of smart design and attention to detail. The styling matches our range of car seats and features Maserati branding. And because Peg Pérego is a well-known master of children's products, it comes with everything you need for your travels: sun canopy, rain cover, cupholder and a large storage basket.

For very young babies, the pushchair is designed to be used with the Group 0+ child seat. The seat is quick to remove from the car and clips directly into the pushchair, ready to go.

* Not including MC.

The Pushchair is available for the same countries as the Child Seats, with the exception of Estonia. It is also available in Brazil.
