The Maserati *of SUVs*

Force of *Nature*

Maserati has a history of naming its cars after the world's most famous winds. It started in 1963 with the legendary Mistral. Then came the Ghibli, the Bora and the Khamsin. And in 2016 the Levante joined the illustrious Maserati range. The wind that bears its name blows across the Mediterranean and can change from benign calm to gale force in an instant. The Maserati SUV has a similar nature, although its powerful forces always remain under perfect control. In true Maserati grand touring tradition, nothing can disturb your comfort – whatever the speed, whatever the distance. a new journey has begun – with the SUV that accepts no boundaries.

The Levante SUV embodies the enduring, intrepid and endlessly progressive spirit of Maserati – and it is part of a story that dates back over 100 years. The Maserati drive to innovate and passion for speed made the transition into elite motor sport inevitable. Since then, all Maserati production models have followed this unique formula, offering race-bred performance, captivating Italian design and the luxuries and comfort you would expect from a prestigious grand tourer. All this is delivered by the latest Maserati Levante. And the striking SUV design adds yet another compelling dimension to the experience.

Mistral | **1963**

An *Enduring* Legacy

V8 Engine - *Levante Trofeo*

The engines in the different Levante versions offer everything you would expect of a Maserati – from snarling responsiveness to effortless long-distance refinement.

The ultimate combination of leading on-road performance and off-road capabilities offers a choice of V6 or powerful V8 engines.

Endless possibilities

V6 Engine - *Levante V6 S*

The Levante *Collection*

The Levante will take you to higher grounds. Find yours.

	Max power	Max speed	Acceleration	Engine layout	Traction	Max torque
Levante **V6**	350HP	156mph	6.0sec	V6	AWD	500Nm
Levante **V6 S**	430HP	164mph	5.2sec	V6	AWD	580Nm
Levante **GTS**	530HP	181mph	4.3sec	V8	AWD	730Nm
Levante **Trofeo**	580HP	188mph	4.1sec	V8	AWD	730Nm

Levante-The Maserati of SUVs

Find out more about **Levante**

Levante - *Side air vents*

Levante - *Optional Headrest detail*

Levante - *Grille*

In true Maserati grand touring tradition, the **Levante** offers everything you would expect of a Maserati – from snarling responsiveness to effortless long-distance refinement. At the same time, its dramatic SUV proportions are balanced with graceful lines and muscular forms that convey its dynamic purpose. From the chassis with a very low centre of gravity as you glide through your top speeds, to the perfectly balanced weight distribution, through its sharp aerodynamic body. The **ultimate combination of leading on-road performance and off-road capabilities**.

430HP	164mph	5.2sec	V6	AWD	580Nm
Max power	Max speed	Acceleration	Engine layout	Traction	Max torque

Levante Trofeo-The Art of Fast

Find out more about **Levante Trofeo**

Levante Trofeo - *Side air vents and Trofeo Badge*

Levante Trofeo - *Headrest detail*

Levante Trofeo - *Grille*

Born from a passion for the racetrack, the **Levante Trofeo is created to maximise your emotions**, no matter the terrain.

Like the wind it takes its name from, the Levante Trofeo is capable of transforming from benign calm to raging storm in an instant. The 580hp twin-turbo V8 engine makes it thunder from 0-62mph in a mere 4.1 seconds with a prodigious top speed of 188mph. The Trofeo-specific design elements contribute to constantly remind you that performance is a priority: from the front grille styled in Black Piano to the dark V8 exhaust pipes, from the dash of red on the Saetta logo to the Trofeo badge over the air vents, while the Tricolore on the B-Pillar illustrates its audacious Italian soul.

580HP	188mph	4.1sec	V8	AWD	730Nm
Max power	Max speed	Acceleration	Engine layout	Traction	Max torque

Trofeo

Q4

The interior of the Levante exudes authentic Maserati character. That means **elegant Italian style**, meticulously crafted finishes and a race-bred energy that inspires **long-distance, luxurious travel**. There is also a liberating feeling of all-round space on board. This, along with the commanding SUV driving position, may come as a surprise given the coupé-like exterior.

High-Powered Luxury

Q4 Intelligence all-wheel Drive System:
Go the extra mile – whatever the weather. This system is developed to deliver the hallmark Maserati rear wheel drive experience, even when grip is poor. In normal conditions, the Q4 system sends all torque to the rear wheels, for perfectly balanced Maserati driving dynamics and optimal fuel consumption. If traction is lost due to sudden acceleration or low grip on the rear axle, Q4 can alter the torque split from 100 per cent rear-wheel drive to 50-50 between the front and rear wheels in an imperceptible 150 milliseconds. Torque vectoring and a mechanical Limited-Slip Differential at the rear axle, unique for this class of vehicle, also provide essential support when it comes to dynamic driving stability.

Air Quality sensor:
The Levante is equipped with an intelligent sensor paired with a signal analysis system that calculates the external pollution levels and prevents polluted air and toxic gases from entering the cabin, improving the comfort of everyone onboard.

Active Air Suspension:
The advanced active air suspension raises or lowers the vehicle according to need or preference. With six settings to choose from, the driver can select whatever height is appropriate for the road or terrain, from a high clearance for off-roading to a low setting for fast, efficient and smooth motorway driving.

Electric Panoramic Sunroof:
The Levante can be fitted with an electric panoramic sunroof in tinted safety glass, with a manual sunshade. The sunroof is power controlled, and it can be tilted at the rear or opened completely; in the latter case it retracts into the roof of the car and a front flap rises automatically to deviate the air flow.

MIA (Maserati Intelligent Assistant):
Powered by Android Automotive OS, the new generation MIA offers an innovative and personalised user experience. The frameless 8”4 HD touch screen with a ratio of 16:10 carries a new graphic interface. The display features an elegant, curved glass edge: a first in automotive design of its kind.

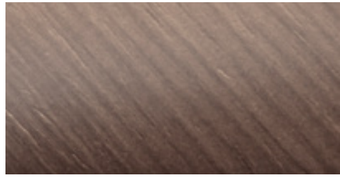
Four-zone climate control:
To enhance the comfort of the rear seat passengers, four-zone climate control is optionally available: an additional automatic dual-zone air conditioning system installed in the central console allows temperature and air distribution to be adjusted separately through air outlets on the floor and pillars.

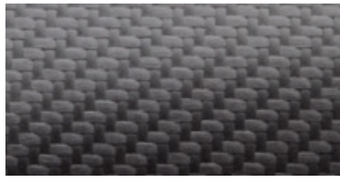
ZF eight-speed automatic transmission:
The sophisticated ZF eight-speed automatic transmission delivers improved comfort, faster gear shifting, better fuel consumption and increased refinement. Five driving modes are available: Normal, Sport, Off-Road, Increased Control & Efficiency (I.C.E.) and, exclusively for the Levante Trofeo, Corsa Mode.

Folding rear seats:
Need to safely store the ski or snowboard bag? The 60/40 split-folding rear seats provide cargo-carrying versatility. When the seat on the smaller side is completely folded down, you will have a continuous nearly-flat extension of the load floor in order to accommodate large-sized equipment and objects.

Enter the upper atmosphere:
Take luxury to a higher level in the spacious cabin that exudes Maserati character all around. Signature Italian style combines with meticulously crafted finishes and the finest materials like the optional natural silk upholstery by Ermenegildo Zegna: a Maserati exclusive. Interior highlights include optional Pieno Fiore Natural leather on the seats, hand-stitched leather on the dashboard side panels and other surfaces either in genuine wood or Black Piano trim.

The purposeful ambience of the cabin is another aspect that creates a strong point of difference for Maserati. Three optional, lavish interior trims add to the appeal of this sanctuary for the driver, and further increase the options for personalisation. The first one is the Regimental open pore, a open-pore wooden veneer inspired by textures found in the fashion industry and revered by the leading couturiers of Milan. The second one is the Matt carbon fibre weave, inspired by the Levante Trofeo with its host of exterior carbon fibre features, the 3D effect of the weave pattern adds to the dynamic credentials inside. The last one is the High-gloss metal weave: this stylish new trim is created by using metallic meshes, and is inspired by contemporary architecture; the elegant chevron weave pattern adds to the sporty feel of the cabin.





Your Maserati *connected to you*

Master the essence of performance, comfort and safety to transform every journey into a unique and thrilling experience. Intuitively and intrinsically linked from the app to the vehicle, Maserati Connect will seamlessly link your car to your habits and needs, leaving you free to enjoy driving at its best.

Remote Services:
The Maserati Connect App displays fuel level, tyre pressure, odometer, oil-life, and vehicle health report card including checks for Powertrain, Brakes & Suspension, Oil & Fluids, Safety systems and Lights. All the information is updated on the last key off.

Amazon Alexa:
Alexa can help you play music, get directions, place calls, check the calendar, play audiobooks, control your smart home from the car, and more, with just your voice – so you can keep your hands on the wheel and eyes on the road.

Home to Vehicle:
You can use Maserati Connect skill for Alexa, as well as the Google Assistant action, to interact from home with the vehicle. The service enables the user to ask about the vehicle status, and send a destination to the vehicle's navigation system (Send & Go).

Advanced Driving *Assistance System*

The Levante is equipped with a comprehensive range of Level 2 Advanced Driving Assistance Systems, the highest level of autonomous driving currently permitted. It means even greater peace of mind in a variety of traffic conditions.

Traffic Sign Recognition
What if your car could alert you about the speed limit sign you just passed? The Traffic Sign Recognition comes in handy for monitoring different types of sign: speed limits, temporary speed limits and overtaking restriction zones.

Highway Assist System (HAS)
Ever imagined you could combine the virtues of Adaptive Cruise Control with the Lane Keeping Assist? The Highway Assist System (HAS) is a level 2 autonomous driving system, designed to help you steer, accelerate, brake and keep your vehicle in its lane, especially when you're driving on motorways or dual carriageways.

Lane Keeping Assist (LKA)
Want to make your motorway drive safer? The Lane Keeping Assist (LKA) is a safe driving feature that is designed to identify lane markings and initiate a steering manoeuvre in order to prevent unintentional lane crossings. A car safety feature that you definitely have to look out for.

Lane Departure Warning System
Thanks to a camera in the rear-view mirror that monitors road markings ahead, the Lane Departure Warning system helps the driver keep the vehicle in the chosen lane on motorways and main roads. This reduces lane drift and the possibility of lateral collisions by providing a warning when the vehicle crosses lane markings without signalling. Activation of the turn indicator overrides the system.

Active Blind Spot Assist
Need some help to look over your shoulder electronically? The Active Blind Spot Assist (ABSA) detects vehicles entering your side and rear blind spots when changing lanes, overtaking and parking. It's a driving safety feature that will help you face one of the biggest perils of the road.

Surround View Camera
This provides a clear 360° view around the car, helping with parking and highlighting otherwise hidden obstructions. Images are captured by two cameras beneath the door mirrors plus front and rear cameras and shown on the main display screen.

Adaptive Cruise Control with Stop & Go
Need more driving comfort with enhanced security when driving on motorways? The Adaptive Cruise Control (ACC) with Stop & Go adjusts your speed to maintain the preset distance from the vehicle ahead. You will feel safer than ever when driving on motorways in limited or moderate traffic.

Forward Collision Warning Plus
Want to feel safer when driving in heavy traffic? Whether it's a rush hour, a big event or a traffic jam, the Forward Collision Warning Plus system reduces the risk of rear-end collisions to prevent or limit vehicle damage.

Rear Cross Path Function
This is a welcome feature that emits a warning when an unseen vehicle is approaching, from the right or left, while reversing out of a parking space.

Front and Rear Parking Sensor and Reversing Camera
To assist with manoeuvring in tight spaces, the Levante comes equipped with parking sensors in the front and rear bumpers. In addition, there is an optional rear-view camera, fitted close to the boot lock, that shows a view of what is behind the car on the Maserati display.

Active Driving Assist
Active Driving Assist is an extension of Highway Assist. This new system is supported in all good road conditions, no matter if it is B roads, A roads or motorways.

Build *Your* Own

Every Maserati is like a **work of art** constructed with the care and attention that only the human hand can provide. Build your own Maserati Levante and **customise it** to fit your needs.

BUILD YOUR OWN

Regulation	Euro 6D Final	Euro 6D Final	Euro 6D Final	Euro 6D Final

Data corresponds to tests executed in compliance with Regulation (EU) 2017/1151, updated as of February 2021.
Figures shown are for comparability purposes; only compare fuel consumption and CO_2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

A *world* of possibilities

Master Maserati Driving Courses
There cannot be a Maserati driver in the world who hasn't wondered what it must be like to push the rev counter into the red right up through the gears, to take the racing line through a corner and to test their car's braking capabilities to the limit. The Master Maserati Driving Experience answers all these questions and more through a series of professionally-led courses for those with a desire to discover the performance potential of the fastest Maserati models in their natural environment: the racetrack. With the introduction of the sensational MC20 supercar and the powerful Trofeo versions of Ghibli and Levante, the Master Maserati Driving Experience becomes even more dynamic and thrilling. For full details on our driving experiences, you can visit our website mastermaserati.com or contact us directly at info@mastermaserati.it.

Financial Services
Purchasing your car with the aid of a Maserati financial package enables you to choose the best conditions on the market and tailor them to your needs. Official Maserati dealers will be delighted to act as your financial advisers, providing professional guidance on the various payment options available and creating a package tailored to your requirements.

Road Assistance Program
The Maserati Assistance Program offers an exclusive range of services and benefits free of charge for the period of the warranty of the vehicle. The Assistance Centres, available 24 hours a day, can be contacted in emergency situations. At these efficient sites, courteous and highly-skilled professionals will provide the best possible solution to any problem flagged up by the customer.

Health Service Program
In the unfortunate event that you fall seriously ill while driving, simply call your local Maserati Assistance Centre and they will organise transport back to your home address by aeroplane, train or ambulance. If you are driving alone, a family member can also be sent to join you. If you are travelling with family, their transport home will be arranged.

Full Credit Services*
Stay on the road while your car is being repaired – with our Full Credit Services, you will be behind the wheel of a courtesy car with Geo maps, snow chains and child seats included and free of charge so you can focus on enjoying the drive.

*For more information, please contact your dealer or Maserati Customer Service at info@maserati.com

The World of the *Trident*

Factory Tour
Discover the heart of the all new MC20's production at the historical Maserati Plant in Modena. The 1h45min Factory Tour begins with a walk through of the Brand's heritage and model range presentation. Assembly line, Engine Lab, painting facilities and the official Store follow. Showroom Tour: a 40-minute Showroom tour comprehensive of a heritage and model range presentation is available. For more information: factorytour@maserati.com

Factory Delivery
After a welcome coffee and drinks in the Showroom, you can visit the historical Maserati Plant, accompanied by a specialist guide and a photographer. Now, it's time for your new Maserati unveiling! Before we bid you farewell, the final pictures are taken. The commemorative digital photo-album is forwarded to the customer. All models can be delivered at Modena Plant. Request a factory delivery with your official Maserati dealer.

Maserati Collection
The Maserati Collection of exclusive leisurewear and branded merchandise has been specially created for those with a passion for all things Maserati. Maserati Collection items are available from all Maserati dealers and the Maserati Store at the showroom in Modena. Alternatively, they can be purchased online at maseratistore.com and delivered directly to your home.

Maserati Club
Joining the exclusive Maserati Club means sharing insights, experiences and all the excitement with other Maserati owners – and being invited to take part in special motoring events all over the world. Drivers of cars from every era can enjoy the pleasure of driving their Maserati models in a calendar of events created especially for Maserati Club members. The Club provides the link between the past, present and future of the company.
Visit maseraticlub.com for more information.

Maserati Genuine Accessories
Specially conceived to satisfy our customers' needs, the Maserati Genuine Accessories are a perfect combination of design, functionality, comfort and performance. Built to the highest standards of Maserati craftsmanship, the Levante accessories range has been developed to guarantee great practicality together with the chance to add your personal and unique touch. Get ready to discover all your customisation options in the dedicated brochure, on the official website maserati.com, or through the Official Maserati Network.

Customer Programs
Driving a Maserati is an experience of lifetime, regardless if you are handling a weekday commute or embarking on a memorable journey. This is why Maserati has created dedicated Customer Programs to assure you mile after mile of the utmost care and excellent performance of your Levante. Give yourself extra peace of mind with one of our Maintenance or Extended warranty programs.
Discover more in the dedicated flyer, on the official website maserati.com, or through the Official Maserati Network.

Maserati Classiche
Created for enthusiasts and owners of vintage Maserati cars, Maserati Classiche is an organisation dedicated to those who wish to engage with the marque's glorious past. Maserati Classiche can provide Maserati Customers a service of Historical Documentation pertaining to their vehicles. Specifically, there are various types of certified historical documents available, carefully and precisely researched within the Maserati Historical Archive. The Maserati Classiche range includes products that celebrate the company's history: paintings of glorious events, clothing, scale models and much, much more. The items can be found on maserati.com in the Maserati Classic section. For more information about the Historical Documentation service, email maserati.classiche@maserati.com.
