POWER IS JUST THE BEGINNING

A

A flawless blend of contrasting characteristics, the Maserati Levante is the first true SUV with a racing soul. Gale force power meets pinpoint precision; the spirit of adventure combines with the comforts of home. That same sense of contrast is found in the Levante accessories range. Built to the highest standards of Maserati craftsmanship, every piece is guaranteed to offer both sturdy practicality and Italian finesse.

THE PLEASURE OF CUSTOMISING

With a combination of perfect balance and perfect grip, Maserati wheels allow our first luxury SUV to handle like a race car. With a range of wheel accessories you can refine your vehicle's performance both on and off-road, and emphasise the matchless Italian style that is central to every Maserati.

EFFORTLESSLY DETERMINED

COMPLETE WHEELS

The Maserati Complete Wheels provide customised combinations of wheel rims and Maserati Genuine Tyres, so you can easily tailor how your Levante looks and performs. The wheels are pre-balanced, ready to be fitted to the vehicle, and all come equipped with wheel centre caps and tyre pressure sensors.

BRANDED VALVE COVERS

The Maserati Trident is a mark of quality – no matter how small the detail. The Branded Valve Covers are made of lightweight and rustproof material, with the Trident embossed on the cap.

MASERATI GENUINE TYRES

Maserati Genuine Tyres are engineered to deliver racing-level traction on the roughest roads. The “MGT” (Maserati Genuine Tyres) marking is a promise of optimal control and precision. The Summer, Winter and All Season tyres offer maximum performance in dry and wet conditions.

WHEEL RIMS

Each pairing of Maserati and driver has an individual character - whether you enjoy the passion of the open road or the thrill of the city streets. The choice of Wheel Rims puts a very personal stamp on a car, giving it a sense of style that matches its owner. The Maserati range of bold, elegant wheel rims emphasise the vehicle’s speed, power and style in different measures. Part of your journey as a Maserati owner is making that personal decision for your vehicle. All of the wheel rim options available when originally customising a Maserati are also available as part of the Accessories range.

W

WHEEL CENTRE CAPS
Strongly evocative of the Maserati performance soul and the assertive power of the Levante, our Wheel Centre Caps instil your wheel rims with racetrack energy. Choose from powerful Matt Black, silken Glossy Black, or stylish Carbon Fibre, all with the iconic Maserati Trident logo as a centrepiece.

SECURITY STUD BOLT
An additional touch of style to your unique wheel rims with the black-finished or chrome-plated bolts. They are unexpectedly elegant and bold, paired to the wrench in the kit, they cannot be removed by any other tool. The full kit protects all your wheel rims and includes the wrench and four security bolts.

BRAKE CALIPERS
A clear indication of the Levante's racing heritage, Maserati Brake Calipers add a flash of colour or metallic sheen between the bold spokes of the wheel rims.

Yellow Red Blue Silver Black

THE PLEASURE OF PERFORMING

Its imposing size and commanding silhouette make the Levante stand out while still embodying the excitement and dynamism of the racetrack. With our range of sports accessories, you can add your stamp to the Levante for a more personal drive – while retaining the unmistakeable sporty characteristics that mark it out as a Maserati.

THE HALLMARKS OF A RACING HERITAGE

SPORT PEDALS*

Far more than a striking design feature, the brushed steel Sport Pedals deliver maximum control for high performance driving. Carefully engineered rubber inserts keep your feet glued to the pedals. For an added touch of refinement the pedal covers bear the Maserati oval logo. If you didn't originally configure your Levante with Sport Pedals, they can be easily retrofitted.

The Retrofit Kit includes:

- Sports Brake Pedal Cover
- Sports Accelerator Pedal Cover
- Sports Footrest
- Footrest Plate Fastening Kit

*Please check whether your vehicle can be fitted with these components.

SKID PLATE

Adding a touch of dynamism and rugged style, the Skid Plates for the Levante protect the lower bodywork when you venture off-road. The Skid Plates come with a choice of finish: either Chrome or Black colours.

GEARSHIFT PADDLES*

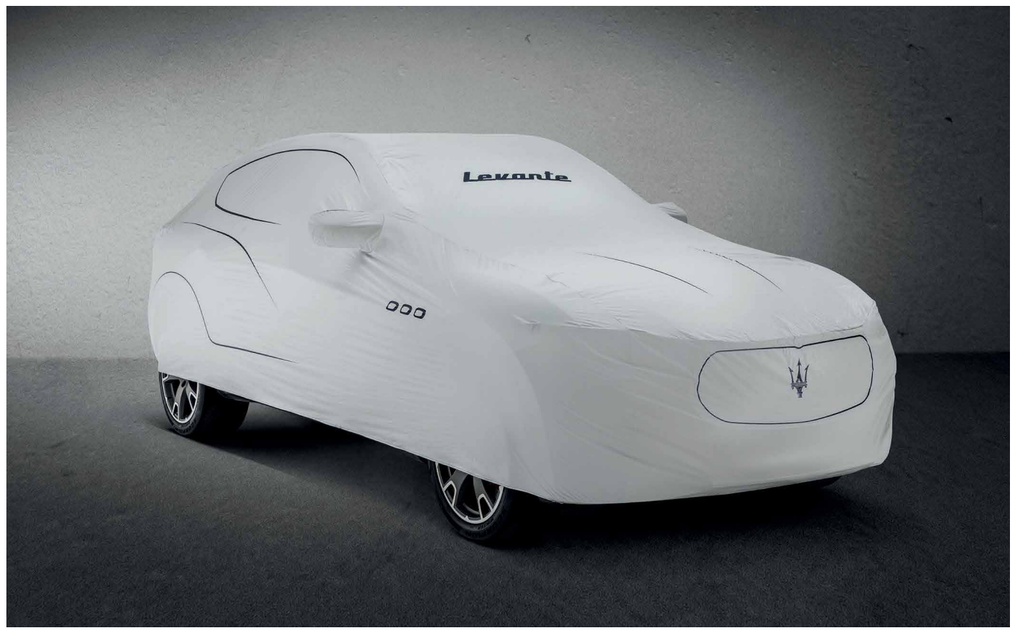
Designed to provide the greatest gearshift control on any type of road, the Gearshift Paddles are made of frosted aluminum and are functionally linked to the steering column. A must-have for those who want to comfortably use the automatic gearbox in sequential mode, without affecting high performance levels.

*Please check whether your vehicle can be fitted with these components.

THE PLEASURE OF CARING

With its glowing bodywork and glossy chrome, the Levante appears like an exquisite work of art – and yet it's ready to tackle the most challenging roads. Our range of care accessories preserve your vehicle's beauty through every adventure, keeping it as picture-perfect as the day it was made.

0



OUTDOOR CAR COVER / PERSONALIZED

Keep your Levante spotless when parked outdoors with our Outdoor Car Cover. With breathable, stretchable fabric that flexes with the wind, it hugs the bodywork in any weather. The sleek, subtle light grey is beautifully complemented by the Trident, the Maserati brand name and the vehicle model. Blue detailing emphasises the car's lines and highlights the iconic Maserati side air vents.

BEAUTY IN A RUGGED LANDSCAPE

INDOOR CAR COVER / PERSONALIZED

Make sure your Levante is completely protected indoors with a Maserati blue Indoor Car Cover. The stylish cover fits snugly to the shape of the car, emphasising its commanding lines. Its high quality, anti-laddering fabric protects the bodywork, rims and tyres from dust and damage, and when not needed, the cover packs neatly into a branded bag.

INDOOR CAR COVER ZEGNA

Specifically tailor made, the Maserati Zegna Indoor Car Cover not only fully protects your Levante but ensures your vehicle looks as sensational in your garage as it does on the road. Thanks to the exclusive stretchy and breathable fabric, the Zegna Indoor Car Cover assures the best fit and avoids any condensation, making sure your Levante is completely protected and taken care of.

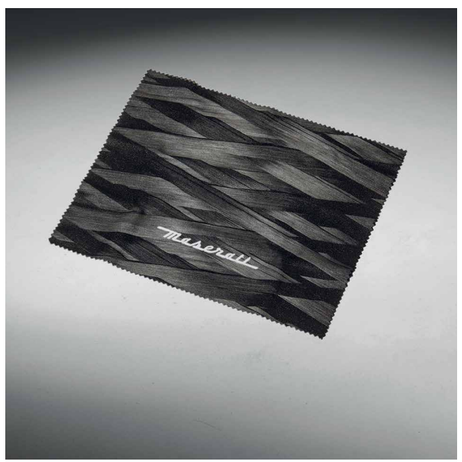
M

MULTIFUNCTIONAL AIR FILTER

The Multifunctional Air Filter consists of three layers of different filtration materials to give you the safest air to breathe inside your Maserati. The filter can in fact efficiently provide in-car air filtering from harmful particles, and significantly improve and maintain the car interior air quality, for the most comfortable driving experience.

MICROFIBRE CLOTH

Treat your touchscreen with as much care as the rest of your Levante with the Microfibre Cloth. The printed carbon fibre pattern embellishes the cloth, which is specially designed to clean and protect the Maserati Touch Control display.



SUNSHADE

The made-to-measure Sunshade is so perfectly fitted to the Levante that it has no need of attachment. Find your car cool and fresh when you return to it. Levante lettering is silk-screened on the outer side, with the Maserati logo embroidered on the inside. The sunshade also folds down to store in a branded bag.

B

BATTERY CHARGER & MAINTAINER

The Battery Charger and Maintainer keeps battery levels at between 95% and 100%, topping up with extra charge whenever necessary. It easily attaches to your battery and plugs into a standard power socket – and you can keep it connected to your vehicle for several months without any risk of damage.

S

SIDE PROTECTIVE FILMS

The Side Protective Film allows you to explore the roughest roads without hesitation, knowing that the vulnerable areas of your paintwork are shielded from scratches and dulling. As with the Protective Film for the Loading Edge, the precisely-shaped urethane protective layer is perfectly transparent and doesn't yellow over time. The film is applied with a water-based solution, and is easy to remove without leaving any traces of adhesive behind.

PROTECTIVE FILM FOR THE LOADING EDGE

Applied to the rear bumper, the Protective Film for the Loading Edge provides an extra layer of protection for your bodywork when you load and unload suitcases and sports equipment. The precisely-shaped urethane protective layer is perfectly transparent and doesn't yellow over time, leaving your paintwork as vibrant as ever. It can be removed without leaving any residue.

A

ALL SEASONS FLOOR MATS WITH EDGE

The All Seasons Floor Mats with Edge are the ideal solution to protect the vehicle's interior and preserve the quality and beauty of the passenger compartment over the time, even in the most extreme conditions. Made of black rubber material, the mats are shaped to precisely fit the interiors of your car, efficiently protecting from water, mud, sand and any other external agents.

ALL SEASONS FLOOR MATS

The All Seasons Floor Mats offer robust protection and the safest possible drive. Perfectly fitted, the mats anchor firmly to the floor with clips, making sure the carpet is completely covered and the pedals are unobstructed. The easy-to-clean black material offers excellent grip, wet or dry. It is completely waterproof and resists snow, sand, oil and mud. The mats are available in two different designs: an elegant lozenge pattern, or bold dynamic lines embellished with the model name and a practical edge that further protects the car interiors from any dirt.

BRANDED FLOOR MATS

Opulence isn't a word usually associated with a floor mat, but the Levante is far from usual. The Branded Floor Mats show the inventive touch of our designers at the Maserati Design Centre, with a finely embroidered version of the Levante logo on an eco-leather insert. Each floor mat moulds to the shape of the vehicle and anchors for stability and safety while driving. The colour options – Black, Brown and Sabbia – perfectly complement the interior upholstery.

THE PLEASURE OF TRAVELLING

The Levante is your gateway to the great outdoors. With ample luggage space and accessories to transport your sporting gear, you'll always be prepared – ready to adapt to every unique opportunity you encounter on the road.

GO WHEREVER THE ADVENTURE TAKES YOU

ROOF CROSS BARS

The Roof Cross Bars are a practical transport accessory engineered for the smoothest possible drive. The lightweight aluminium bars use aeronautical technology to reduce aerodynamic drag, meaning that no unnecessary noise disturbs the peace of the open road. Once anchored simply and quickly to the Roof Rails, the Roof Cross Bars allow you to use a range of other Levante accessories:

- Roof Box
- Roof Mounted Ski & Snowboard Carrier
- Roof Mounted Bike Carrier
- Roof Mounted Surfboard Carrier

ROOF BOX LIFT & LOAD SYSTEM

The Roof Box Lift & Load system makes it easy to pack up your gear and set off whenever the impulse strikes. The system secures the Roof Box to the garage ceiling and lowers it easily into place on the car roof.

ROOF RAILS

The Roof Rails form a sweeping line along the top of the Levante. They act as the connection point for the Roof Cross Bars, the key to preparing your vehicle for its more adventurous travels. If you didn't originally configure your Levante with Roof Rails, they can be retro-fitted in either black or chrome colours.

ROOF BOX

The lightweight, capacious Roof Boxes increase the generous luggage space of the Levante by an extra 320, 410, or 460 litres according to your needs. Designed with an eye for style, their sleek aerodynamic curves mirror those of the vehicle itself. The box is secured with two locks, and opens from either side for easy loading and unloading.

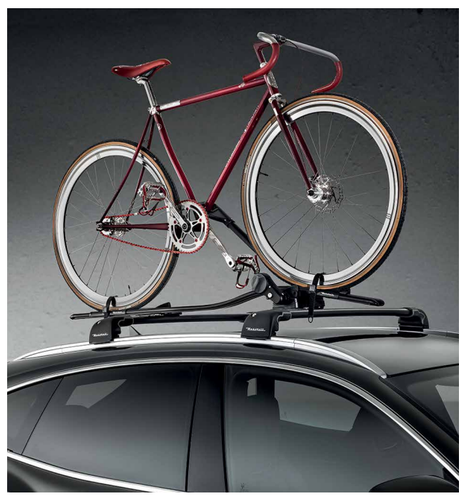
T

TOWBAR MOUNTED BIKE CARRIER

Compact, lightweight, and straightforward to use, the Towbar Mounted Bike Carrier is a simple way to transport up to three bikes. The bike carrier attaches to the towbar hook at the back of the car with a convenient handle. When you need to open the luggage compartment, press the pedal to tilt the bikes out of your way. The bike carrier has a double locking system for extra security, attaching it to both the bicycles and the towbar system.

ROOF MOUNTED BIKE CARRIER

The Roof Mounted Bike Carrier is designed to carry the most prized bike without a scratch to either it or your Levante. It supports the bike throughout your journey with three locking devices: one on the frame, with a padded clamp, and two on the wheels, with an adjustable diagonal quick release strap.



R

ROOF MOUNTED SURFBOARD CARRIER

Dynamic and exhilarating, the Levante is the perfect car for someone who loves to surf. Our Roof Mounted Surfboard Carrier attaches easily to the Roof Cross Bars and protects your board on the journey, with padded projections and strong straps to keep your equipment securely in place. It can carry a board and two masts.

ROOF MOUNTED SKI & SNOWBOARD CARRIER

The Roof Mounted Ski & Snowboard Carrier is made of lightweight, aerodynamic aluminium. Its padded bars clamp your skis and snowboards gently and securely in place. When unloading, you can slide the equipment towards you and release it with the touch of a button, without taking off your gloves. The system carries up to six pairs of skis or four snowboards, and locks so you can leave them safely with your vehicle.

SKI & SNOWBOARD BAG

The Maserati Ski & Snowboard Bag lets you carry three pairs of skis, or a pair of skis and a snowboard, securely inside the Levante. With one of the rear seats folded down, the bag rests in the luggage compartment and extends out into the passenger area. It attaches easily at a point in the luggage compartment, or to the anchors on the optional luggage rails, and to the rear seat with a sturdy strap. Depending on your skis, the bag can be extended in length by 30 cm.

T

TOW HOOK*

The robust, powerful Levante is eminently equipped to tow trailers so you can enjoy your free time. A genuine Maserati Tow Hook activates the intelligent towing capabilities: Trailer Sway Mitigation for improved stability, clutch calibration to control your oil temperature during uphill stretches, and all the systems that maximise your vehicle's performance and safety, even in extreme conditions. The Tow Hook is easy to unlock and remove when not needed. To use the Tow Hook, your Levante must have Skid Plates installed.

*Please check whether your vehicle can be fitted with these components.

TOWING MIRROR EXTENSION

The Towing Mirror Extensions blend unobtrusively with the design of the Levante when towing, and detach easily when not in use.

L

LUGGAGE COMPARTMENT MATS

The Luggage Compartment Mat covers the floor of the Levante luggage compartment perfectly, leaving the anchors and optional luggage rails uncovered and accessible, or, in its full version, fitting the vehicle's boot completely thanks to the raised edge. Washable, waterproof and 100% recyclable, the thermoplastic material protects the interior from water, smell, dirt and wear, assuring high-level quality, strength and flexibility.

LUGGAGE COMPARTMENT RAILS

If you didn't originally configure your Levante with Luggage Compartment Rails, they can be easily retrofitted. They provide moveable connection points for anchoring your luggage, and allow you to use the Luggage Compartment Adaptive Divider to organise the compartment. Because they are recessed into the floor of the luggage compartment, they don't reduce its capacity or compromise its look.

LUGGAGE COMPARTMENT ADAPTIVE DIVIDER

The Luggage Compartment Adaptive Divider is the easy way to organise your packing and secure your luggage for a smooth ride. The divider slides on the Luggage Compartment Rails and fixes sturdily across the compartment at any point. Strong securing straps anchor your luggage to avoid sliding, with a quick release mechanism for fast unloading.

L

LUGGAGE COMPARTMENT FOLDABLE BOX

Beautiful and versatile, the Luggage Compartment Foldable Box maximises the space in your luggage compartment, tidily storing your smaller belongings. The modular box forms two large compartments with attachments and pockets, either of which can be collapsed to provide more space for larger luggage. When both compartments are collapsed, the stylish accessory forms a Maserati branded leather-finish briefcase, suitable for carrying documents or a tablet.

EFFICIENT DESIGN FOR EFFORTLESS TRAVEL

LUGGAGE COMPARTMENT NET

With the powerful acceleration in your Maserati, extra security for smaller items in the luggage compartment will sometimes be required. The double-layered Luggage Net attaches tightly to the four hooks in the luggage compartment floor, or to the optional luggage compartment rails. It keeps bags and sports equipment safely anchored so you can enjoy your drive without hesitation.

LOADING EDGE PROTECTIVE MAT

This mat covers the edge of the luggage compartment and the rear bumper when loading or unloading your Levante, protecting the bodywork from damage. The material is hard-wearing, non-flammable, and thoroughly water-repellent.

THE PLEASURE OF RELAXING

In your Levante, even the most ambitious journey is infused with luxury. The car is a place of serenity where you can breathe deeply and prepare for the adventure ahead. With our range of technological and functional accessories, you can tailor the journey for maximum relaxation, arriving refreshed and ready for action.

COURTESY LIGHTS WITH LOGO

Customize your Maserati with a touch of exclusivity with specifically designed Courtesy Lights with Logos. Feel free to choose between two different lenses (“Maserati” or “Trident” logos) to emphasize the elegant and sporty soul of your Maserati, leaving a distinctive sign when getting out of the car.

INNOVATIVE COMFORT, CLASSIC MASERATI STYLE

UMBRELLA

Robust and ergonomic, the Maserati umbrella exudes quality. The double-folding design is subtly embellished with black-on-black tonal designs, reflecting the car exterior, while the handle is finished with a chrome-plated Maserati Trident. It comes with both a waterproof zip-fastened case and a Maserati branded tote bag.

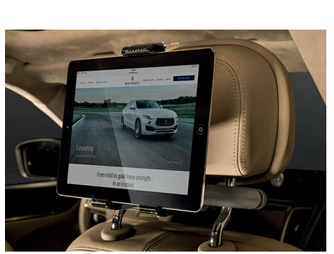
ILLUMINATED DOORSILLS

Every aspect of your Maserati represents a perfect blend of luxury and sportiness, combining to turn each drive into an unforgettable experience. The Illuminated Doorsills are no different, turning heads when you enter and exit the Levante while enhancing its elegant, exclusive appeal.

UNIVERSAL TABLET HOLDER*

While you appreciate the dynamic Levante driving experience, your passengers in the back can enjoy in-seat entertainment. Mounted on the front seat headrest, the Universal Tablet Holder holds a tablet or large smartphone and is easily adjusted to the perfect position for watching films. With its black soft-touch material, silk-screened with the Maserati logo in silver grey, it’s attractive and unobtrusive enough that it can be left installed even when not in use.

*Please be aware, the Universal Tablet Holder cannot be installed if the vehicle is equipped with Sport Seats.



K

KICK FUNCTION*

Thanks to a sensor positioned under the rear vehicle bumper, the Kick Function controls the automatic opening and closing of the luggage compartment door by detecting a simple foot movement.

*Please check whether your vehicle can be fitted with these components.

REMOTE START*

Start your ideal journey before boarding. The Remote Start Function allows the Customer to create the desired temperature when entering the car by activating the cooling/heating system remotely. By simply pressing a button on the car key, the Remote Start will activate the air conditioning or heating system.

*Please check whether your vehicle can be fitted with these components.

REARVIEW PARKING CAMERA*

The Rearview Parking Camera has been designed to help driving maneuvers when reversing. The small camera installed on the back of the car shoots the area at the rear of the vehicle and transmits images to the internal display. The driver is therefore fully supported by acoustic and visual information and gets a greater and direct view of the surroundings.

*Please check whether your vehicle can be fitted with these components.

THE PLEASURE OF FEELING SAFE

Always push your limits. Never compromise on safety. Driving your Levante is an adrenaline rush in and of itself. With our range of safety accessories, that rush is built on the assurance that you're prepared for whatever the road delivers.

COMPLETE CONFIDENCE ON THE ROAD

JUMPER CABLES

The Maserati Jumper Cables are easy to use and give you complete peace of mind on the road. They come in a stylish Maserati-branded leather-finish case that can be easily stowed in the luggage compartment.

SNOW CHAINS

Explore snowy roads in total comfort and safety with the Levante Snow Chains. Developed for peak performance and a pleasurable drive, the chains are strictly tested by the R&D department to meet our exacting technical standards. The tread, links and locking system combine excellent grip with ease of installation and precise chain tightening. The chains are available in two versions, depending on the different Levante tyre sizes.

EMERGENCY KIT*

The Emergency Kit contains everything you need to stay safety at the roadside. Coming in an elegant black case that's embellished with the Maserati name and attached securely with Velcro, it fits neatly into the left-hand recess of the Levante luggage compartment.

The kit includes:

- Hazard triangle
- Reflective vest
- Light sticks
- Wind-up torch
- First aid kit
- Gloves
- Ice scraper

*The items in the kit may vary from country to country.

C

CHILD SEATS*

Designed for the most precious passengers, the Maserati Child Seats and ISOFIX Base have been developed in line with the quality, design and loving care that evokes the style and elegance of the Trident. Born to perfectly fit with your Maserati, they come in a mélange fabric in Metallic color outer lining, embellished by an elegant white edge piping. All the three Child Seats are branded “Maserati” and customized with the Trident logo on the headrest and the “Maserati” name. The child seats are fully tested and comply with the current homologation criteria and are divided into three groups (0+; 1; 2/3), depending on the stature height of the child. They can be installed rear- and/or forward facing according to the Child Seat group. Notes: Group 0+ and Group 1 child seats may only be used in combination with the ISOFIX base. Group 2/3 attaches using the vehicle seat belt and the two anchors in place at the rear. Specific restrictions apply to specific countries. Please refer to your dealer for additional information.

ISOFIX BASE

All the Maserati vehicles are equipped with the ISOFIX anchoring system, a value added in terms of child safety and practicality. Using the ISOFIX Base, the child seat can be securely fitted to the vehicle and easily removed.

*The Child Seats are available for the following countries: Albania, Algeria, Argentina, Austria, Azerbaijan, Bahrain, Belarus, Belgium, Bolivia, Bosnia Herzegovina, Bulgaria, Chile, Colombia, Costa Rica, Croatia, Cyprus, Czech Republic, Denmark, Dominican Republic, Ecuador, Egypt, Estonia, Finland, France, French Guiana, Georgia, Germany, Great Britain, Greece, Guadalupe, Holland, Honduras, Hong Kong, Hungary, Iceland, India, Iran, Ireland, Israel, Italy, Japan, Jordan, Kazakhstan, Kosovo, Kuwait, Latvia, Lebanon, Libya, Lithuania, Luxembourg, Macedonia, Malaysia, Malta, Mexico, Montenegro, Morocco, Norway, Oman, Panama, Paraguay, Peru, Philippines, Poland, Polynesia, Portugal, Qatar, Réunion, Romania, Russia, San Marino, Saudi Arabia, Serbia, Singapore, Slovakia, Slovenia, South Africa, Spain, Sweden, Switzerland, Syria, Thailand, Tunisia, Turkey, Ukraine, United Arab Emirates, Uruguay, Uzbekistan, Venezuela, Vietnam.

The illustrations and texts contained in this brochure are based on the information available at the time of production. Some models, equipment and accessories may not be available or may only become available after the car's launch on the market. Maserati reserves the right to modify colours, designs and technical features at any time and without pre-notice. Official Maserati Dealers will be glad to provide further details and updates in this regard. Stay in touch with Maserati by visiting www.maserati.com
