Get your pace

The new GT Pro course has been re-shaped to bring the advanced Master Maserati Experience to a new racetrack: the circuit of Vallelunga will host the full-day course, dedicated to the enthusiast drivers who want to take their technical skills and confidence to new heights.

The course has one of the best, intensive and diversified program. It includes multiple driving sessions with Maserati's top-performing models: the 550-HP GranTurismo Trofeo, the 630-HP MC20 and the 640-HP GT2 Stradale super sports car, all powered by the 3-litre, twin-turbo V6 Nettuno engine.

This day-long training program climaxes in multiple challenges:

- the driving quality telemetry contest, where participants measure their driving skills by reviewing the main parameters with their instructor;
- the ability contest, to drive as quick as possible the GT Trofeo on a handling-track in the paddock area;
- the driving simulator training, to compete side by side against other competitors, seated in a virtual Maserati GT2 race car.

The hot laps double session is the final step to live the thrill in the GT2 Stradale driven in Sport and Race mode by the professional instructor, around the amazing layout of Vallelunga racetrack.

At the end of a riveting day on the track, drivers with the best rankings will receive awards during a closing ceremony, rounding out the experience with one final rush of emotion.
