Dates

26 - 27 June, 1 - 2 October

It's amazing how far you can progress in just a few days – and with the right guidance and preparation, you are soon ready to experience first-hand the raw excitement of being a Maserati racing driver. In this two-day course, you will be driving a full-blooded racer – the GT4. Before you're strapped in to that six-point harness, you

get to know the vehicle inside and out. Then, after expert coaching, you're ready to hit the track and discover what the GT4 car really can do – and how far you can take it. There will also be timed, competitive driving. As with professional motor sport, you'll be supported by an expert team, from seasoned mechanics to telemetry experts.
