F Tributo

Audacious DNA

The thrill of the track and the irresistible pull of history in the making, the F Tributo Special Edition pays tribute to the first woman to compete in Formula 1, the fearless Maria Teresa de Filippis. The most commanding presence for your high-caliber Levante and Ghibli, it is designed to ignite your love of speed.

ENERGIZING COLOR

The Levante and Ghibli F Tributo Special Editions are available in Arancio Devil and Grigio Lamiera: two vibrant and contemporary colors that embody the riveting connection Maria Teresa de Filippis had with the track. This unique "Arancio" (orange) symbolizes the invigorating enthusiasm of de Filippis' intrepid career and gets its name from her nickname: the "she-devil". "Grigio" (gray) is instead a nod to the track, the environment where she and many audacious Maserati drivers thrived at unprecedented speeds, and where we have proudly returned.

LOUD AND CLEAR

The Special Edition's performance-driven soul exposes itself in a handful of distinctive details. The F Tributo badge on the fender and the C-Pillar Saetta logo boldly contrast with the body color. For the Arancio Devil option, intriguing blue cobalt accents stand out against the orange body and on the Grigio Lamiera bodywork, orange details make for a striking statement. The color accents continue on the 21" alloy wheels, a striking tribute to one of racing's most determined women.

ELEGANT POWER PLAY

That eternal motorsport feel, recreated for today's discerning driver. The high gloss carbon fiber interiors of the Special Edition are an evocative touch that complements the bold contrast stitching: orange and blue against deep Black Pienofiore Leather or orange paired with the rich, brown Pienofiore Leather. An elegant yet daring combination, in true Maria Teresa de Filippis style.
