

Grecale
GENUINE ACCESSORIES

Let exceptional enter your everyday with the sweeping performance of the all-new Grecale SUV. Designed for effortless travel and everyday adventures, the Grecale Genuine Accessories range enhances your vehicle's beauty and functionality while tackling the road in any occasion and at any time.

TOWBAR MOUNTED BICYCLE CARRIER

Compact, light and easy to use, the Towbar Mounted Bicycle Carrier lets you load up to three bikes and transport them securely. This component attaches to the tow hook and is equipped with a pedal to tilt the bikes outwards so that the luggage compartment can be opened easily.

TRAILER HITCH

The Trailer Hitch activates the intelligent towing capabilities of your Grecale: trailer sway mitigation for improved stability, clutch calibration to control your oil temperature during uphill stretches, and all the systems that maximise your vehicle's performance and safety, even in extreme conditions.

ROOF RAILS & CROSS BARS

The Roof Rails act as the connection point for the Roof Cross Bars, the key to preparing the vehicle for your adventurous travels. If you didn't originally configure your Grecale with Roof Rails, they can be retro-fitted.

Roof Cross Bars are an essential element for installing the right equipment for trips and sports outings, with a low profile which stays close to the car roof: Roof Boxes, Ski Carrier, Bike Carrier. The bars are made of aluminium and the rail anchoring system is fast and simple.

ROOF BICYCLE CARRIER

The Roof Bicycle Carrier can be attached to the roof bars, and is extremely practical and lightweight, enabling a bike to be transported quickly and safely, without any risk of damaging the car or the equipment. The special system design keeps the bike in position through three locking devices: one on the frame, equipped with a padded clamp, and two on the wheels, with an adjustable diagonal quickrelease strap.

ROOF SKI & SNOWBOARD CARRIER

The Roof Mounted Ski & Snowboard Carrier makes loading and unloading easy, and does not force you to stretch to reach the top of the roof, letting you slide the equipment towards the outside. Opening is made easy thanks to large buttons, which can even be operated while wearing gloves, whereas the surface of the bars is padded to avoid damage to the equipment. Made of aluminium and featuring an aerodynamic design, the system can carry up to 6 pairs of skis or 4 snowboards, and is equipped with a lock.

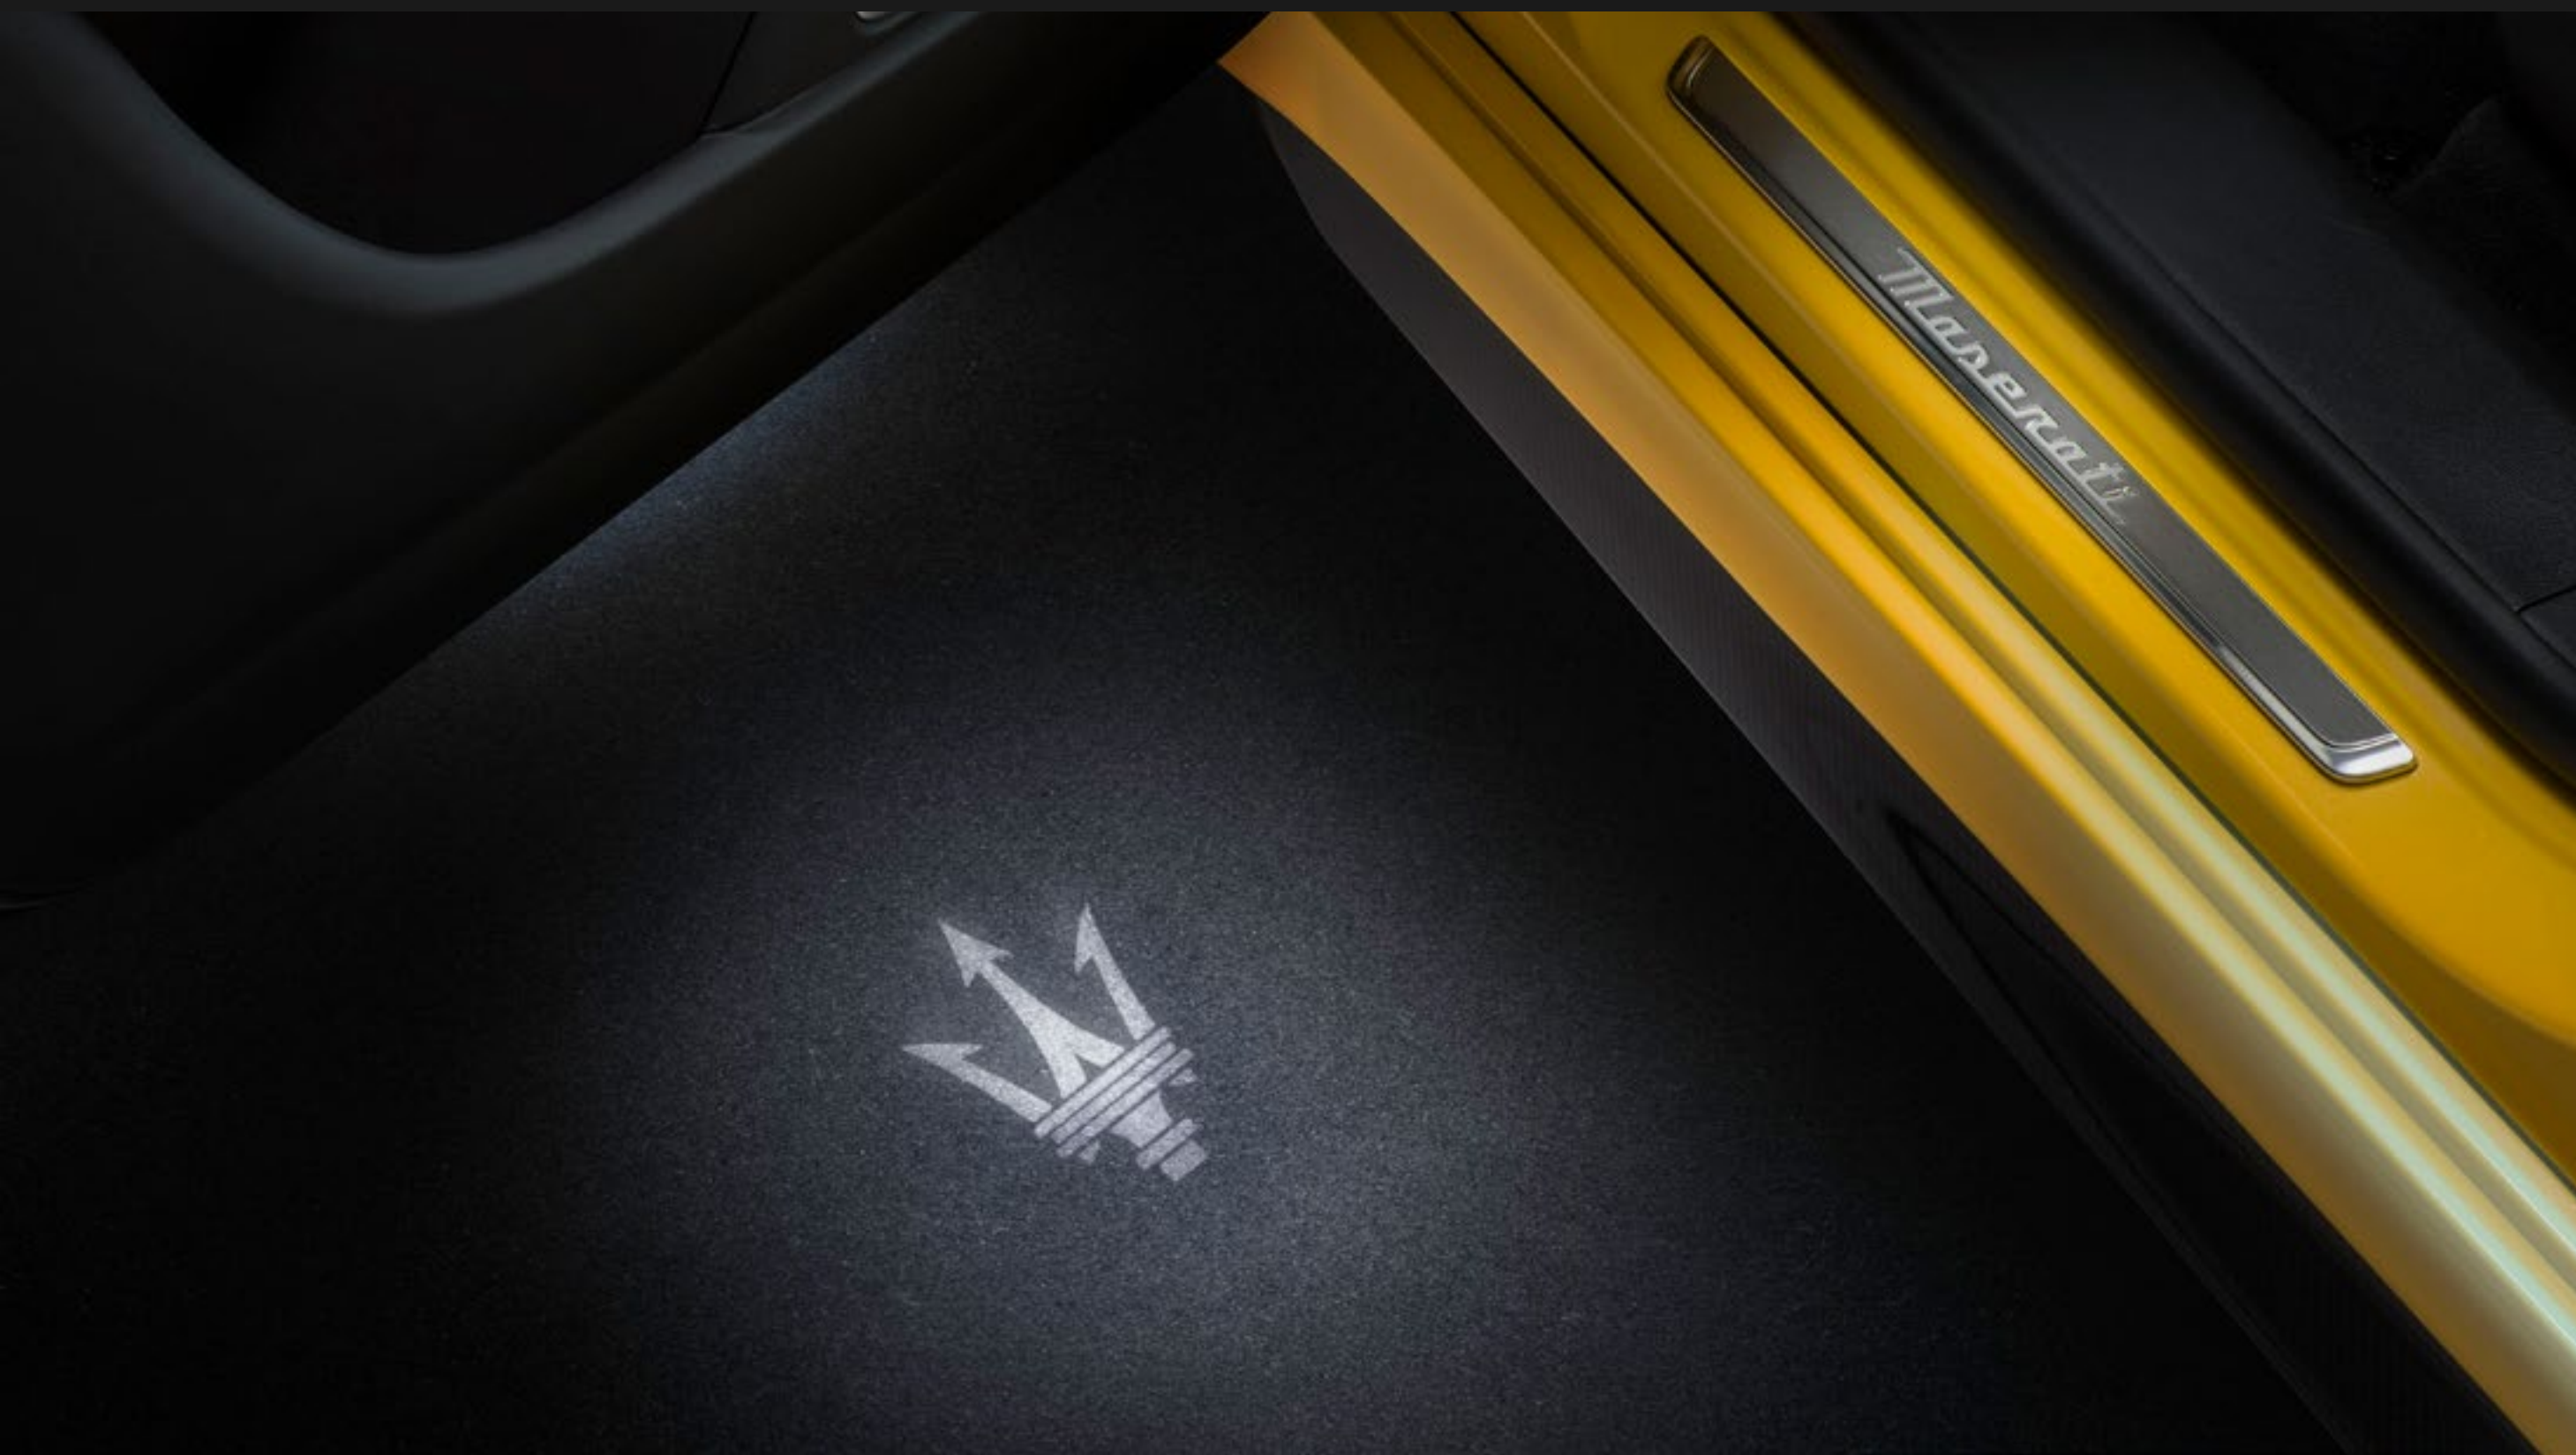

OUTDOOR CAR COVER

The Outdoor Car Cover protects the car from dust, scratches and weathering, and at the same time enhances the daring yet harmonious lines of the Grecale. Waterproof, breathable and elastic, the cover features a minimalist design, customised with contrasting design cues on the headlights and side vents, and embellished with the wording "Grecale" on the sides.

COURTESY LIGHTS WITH LOGO

Customize your Maserati with a touch of exclusivity with specifically designed Courtesy Lights with Logo, to emphasize the elegant and sporty soul of your Maserati, leaving a distinctive sign when getting out of the car.

FOLGORE SELECTION

ALL-SEASON FLOOR MATS WITH EDGE

The All-Season Floor Mats with Edge are the perfect item to protect the car interior and keep it intact over time. Made of waterproof and non-slip rubber, the floor mats effectively shield the interior from water, mud, sand and any other external agents.

KICK SENSOR RETROFIT KIT

Thanks to a sensor positioned under the rear vehicle bumper, the Kick Function controls the automatic opening and closing of the luggage compartment door by detecting a simple foot movement.

LUGGAGE COMPARTMENT RAILS

If you didn't originally configure your Grecale with Luggage Compartment Rails, they can be easily retrofitted. They provide moveable connection points for anchoring your luggage, and allow you to use the Luggage Compartment Adaptive Divider to organise the compartment. Because they are recessed into the floor of the luggage compartment, they don't reduce its capacity or compromise its look.

LUGGAGE COMPARTMENT ADAPTIVE DIVIDER

The Luggage Compartment Adaptive Divider is the easy way to organise your packing and secure your luggage for a smooth ride. The divider slides on the Luggage Compartment Rails and fixes sturdily across the compartment at any point. Strong securing straps anchor your luggage to avoid sliding, with a quick release mechanism for fast unloading.

LUGGAGE COMPARTMENT NET

The stability of the items in the luggage compartment when travelling is fundamental for safe and relaxed driving. The Luggage Compartment Net is a simple and very effective accessory which, thanks to its double layer, enables small and medium-sized objects to be secured. The net is fastened using four hooks located in the corners of the luggage compartment floor, or via eyelets in the rails on the luggage compartment floor (optional).

LUGGAGE COMPARTMENT MAT FULL VERSION

Shaped as a perfect fit for the loading platform in the luggage compartment, the Luggage Compartment Mat protects the car's interior from water, dust, and wear and tear. The raised edge and the washable, waterproof polyethylene material keeps the boot in tip-top condition, in a practical and functional way. The surface features a herringbone pattern, punctuated by the Maserati logo in the middle of the mat. Grecale Folgore's mat is made from eco-friendly material.

LUGGAGE COMPARTMENT MAT RAILS VERSION

Designed specifically for vehicles equipped with rails on the load platform, the Luggage Compartment Mat Rails Version makes the luggage compartment stylish while maintaining practicality. The waterproof and washable thermoplastic is enhanced by a herringbone pattern with the Maserati logo in the middle, and protects the luggage compartment from dirt, water and wear.

ROOFBOX LIFT AND LOAD SYSTEM

The Roof Box Lift & Load system makes it easy to pack up your gear and set off whenever the impulse strikes. The system secures the Roof Box to the garage ceiling and lowers it easily into place on the car roof.

ROOF BOXES

410 L / 460 L

Comfort and well-being have always gone hand in hand with class and style on-board a Maserati. A prerequisite that also holds for the countless loading solutions available for the Grecale, such as the spacious Roof Box, which features a sleek design optimised to blend style and space. Lightweight and aerodynamic, the box is available in two volumes, 410 and 460 litres, dramatically increasing the loading capacity of the vehicle. The box has a double opening system which simplifies loading and unloading under any conditions.

CHILDSEATS

Designed for your smaller passengers, the Maserati Childseats are based on the quality, design and passion typical of the brand's style. Conceived to fit perfectly into your Maserati, these childseats are available in two configurations: Group 0/4y (from birth up to about 4 years) and Group 15m/12y (from 15 months to 12 years), approved to the UN R129/00 and R129/03 standards respectively. Crafted from breathable fabric with memory foam inserts, both seats are customised with the Trident logo on the headrest and "Maserati" on the safety belt shoulder straps. They come complete with an ISOFIX base. Restrictions may apply to specific markets. Ask your dealer for more information.

GR. 0/4 YEARS

The Group 0/4y version features a 360° rotation function that makes it easy to sit the child in the car and use the seat both in both a front-facing and rear-facing position. The indicators on the ISOFIX base and the lever at the front make operating the seat functions easy.

GR. 15 MONTHS/12 YEARS

The Group 15m/12y version features an innovative and exclusive sound system built into in the headrest, allowing small passengers to enjoy the journey while listening to their own music with a safe, protected posture.

REAR SEAT COVER

The rear seat cover is made of soft-touch, waterproof fabric, adorned with the Trident and Maserati logos. Designed to protect the rear compartment from stains, hair, scratches, and more, it can be used as a hammock or seat cover, attending to the diverse needs of your furry companions. The cover attaches easily, and comes with a Maserati-branded storage bag.

PET SAFETY BELT WITH TAG

The pet safety belt with tag provides secure travel for your pet. Adjustable in length (35 to 65 cm) and suitable for small to large dogs, it attaches to the vehicle and the pet's harness. The front of the tag is adorned with a Trident, while the back remains blank, allowing for personalization through engraving with your pet's name.

FOLDABLE PET CARRIER

The foldable pet carrier is a stylish and convenient accessory for your pet. Designed with a Trident emblem and embroidered with Maserati lettering on the sides, it easily folds and fits into its bag. For comfort and ventilation, the pet carrier has mesh fabric side windows and a door, with roll-up tabs for closure. It also includes a removable mattress and can be securely attached to the vehicle with a strap. Designed for small to medium-sized pets under 15 kg and 60 cm in length.

LUGGAGE TRUNK PARTITION

The luggage trunk partition is a secure and stylish solution that divides the rear seats from the car's boot, providing a safe space for both passengers and your dog. It attaches easily, requires no drilling, and can be swiftly removed and reattached. It is also compatible with a luggage shelf and features a metal frame with a nylon mesh interior for enhanced safety during braking.

LUGGAGE TRUNK PROTECTION

The luggage trunk protection is crafted from soft-touch, waterproof, and non-slip fabric, which keeps your car clean from any traces of your pet. It displays Maserati lettering on the front and attaches easily with straps for stability. Designed to cover the entire boot, it is quick to install, and can be folded and stored in its special Maserati-branded bag.

TROFEO VERSION

MODENA AND GT VERSION

FOLGORE VERSION

INDOOR CAR COVERS

The indoor Car Cover features a repetition of the logo to form an iconic pattern, enriched by the white Trident on the bonnet and the wording "Grecale" on the sides.

The breathable two-way stretch material - lined with a soft fleece fabric - makes for the perfect fit, enhancing the Grecale's bold style even when it is covered up in the garage.

WHEEL RIMS

Each wheel of the Grecale is a small masterpiece: perfectly balanced, technologically advanced and impeccable in design.

SECURITY STUD BOLT KIT

The special Security Stud Bolts make the vehicle more secure against the risk of wheel rim theft, as the wheels may be fitted and removed only using the special wrench provided in the kit. The stud head features a special design that combines an appealing look with the greatest functionality.

Available only for Grecale GT, Modena and Trofeo.

CARBON WHEEL CENTER CAPS

Strongly evocative of the Maserati performance and sporty soul, the Carbon Wheel Center Caps with the iconic Maserati Trident logo as a centerpiece, instill the wheel rims with the style that distinguishes every Maserati.

CARBON MIRROR COVER

The carbon mirror cover is crafted to enhance the aesthetics of your Maserati, delivering a touch of exclusivity and a sportier look.

The kit includes two mirror caps with a glossy carbon fiber finish.

SELF-LEVELING HUBCAPS

The Self-leveling Hubcaps go beyond mere aesthetics; they feature a system that ensures the Trident logo remains upright and visible even while the car is in motion. Available in black finish with silver details, these hubcaps represent the perfect blend of style, technology, and personalization.

EMERGENCY KIT

The Emergency Kit contains everything needed to stay safe at the roadside. Coming in an elegant black case embellished with the Maserati Logo, it fits into the luggage compartment.

The kit includes: Hazard triangle, Reflective vest, First aid kit, Gloves, Ice scraper. The items in the kit may vary from country to country.

PROTECTIVE FILMS

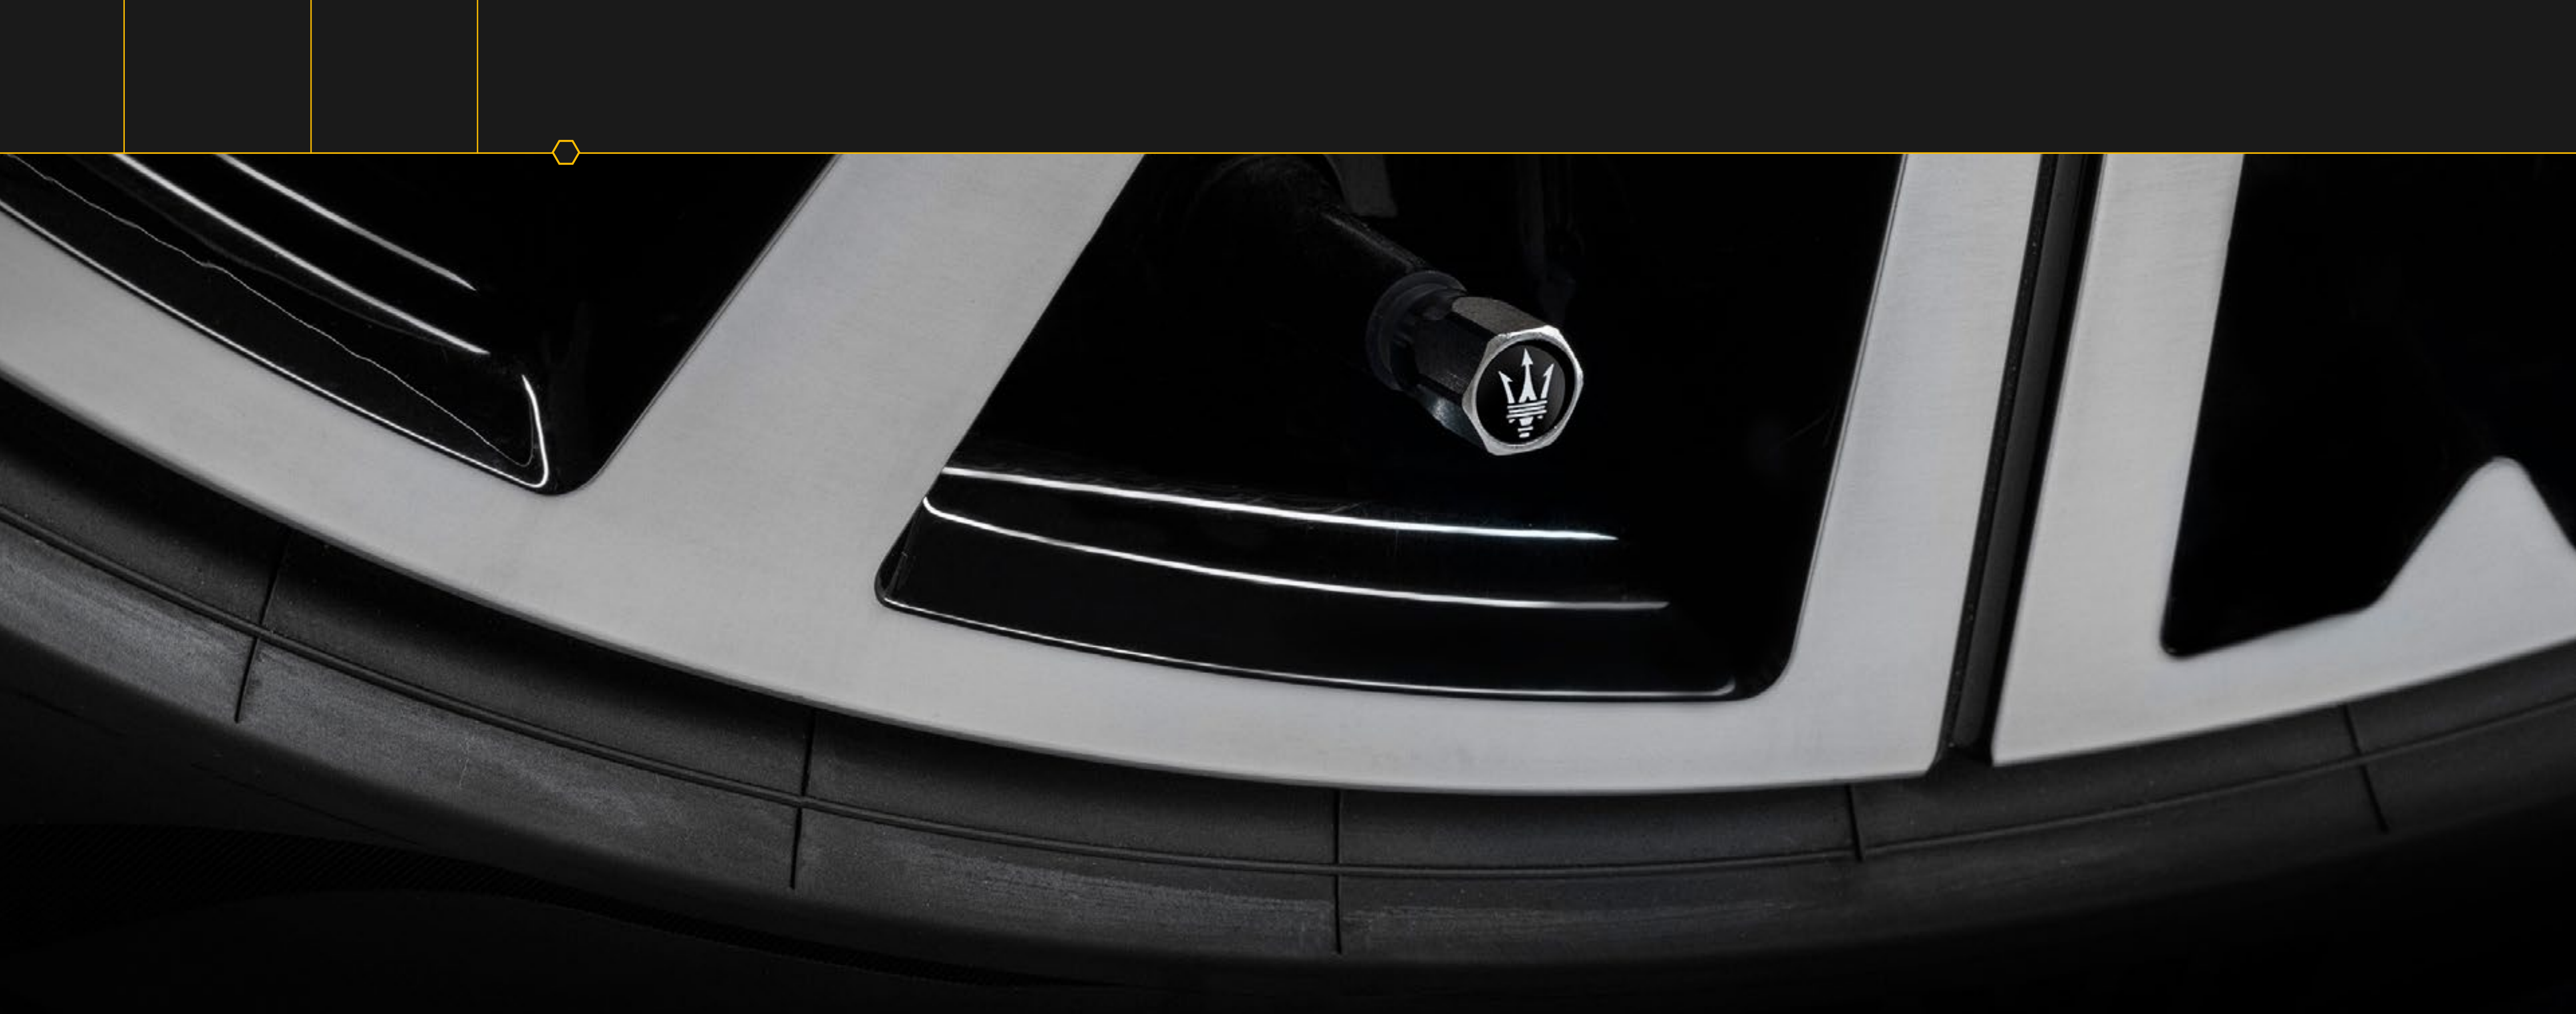

Available in matte or glossy version, the Protective Films equip you to tackle the most difficult off-road terrain without fear of damaging the bodywork. Perfectly transparent and made to measure, they can be easily removed with water without leaving any traces. The basic kit covers the rear wheel arch moulding and the side skirt. The extended kit covers the front and rear wheel arch moulding, the side skirt, the bonnet and part of the rear bumper.

BATTERY CHARGER & MAINTAINER

A compact and user-friendly device, the Battery Charger & Maintainer keeps the charge level of your car battery always in optimal condition, between 95 and 100%, and charges it when required. The device does not need to be programmed: just connect the car battery to a standard power socket, and you may leave it connected for several months without any risk of damage to the vehicle.

Available only for Grecale GT, Modena and Trofeo.

BRANDED VALVE CAPS

No detail is too small to be highlighted. Available in three colour variants (black with silver Trident, black with red Trident, silver with blue Trident), the Branded Valve Cap Kit is distinguished by the iconic Trident logo at the centre.

FOLGORE SELECTION

FOLDABLE BAG

The Foldable Bag is an optimal solution for storing and organizing small to medium-sized objects inside the luggage compartment, while optimizing space thanks to its two modular compartments. Made from recycled materials, the bag is decorated with the embroidered Trident logo on the outside, while the lining and dust bag feature the Trident pattern. The bag is equipped with velcro straps that allow it to be secured to the carpeting and can be folded up to be used as a briefcase, complete with an umbrella holder and laptop compartment.

SOFT CASE

The Soft Case allows the storing of small items inside the car. Made from recycled materials, the bag features an internal pocket and is decorated with the embroidered Trident logo on the outside, while the lining is made with the Trident pattern. The bag attaches to the carpeting with a foldable velcro strap, which also allows it to be used as a convenient beauty case.

BRANDED BUTTONS

The branded buttons allow you to customize the floor mats while maintaining a secure hold on the floor. The kit consists of six buttons in silver finish with the Trident logo laser-etched in white at the center.

KEY COVER

The Key Cover has been designed to perfectly complement your vehicle's interior. Made of premium leather, the key cover is adorned with the iconic Trident emblem on the front, tone-on-tone stitching and decorations that mirror the key's contours. The Folgore version of the key cover is crafted from faux leather and, for an extra level of sophistication, it is decorated with copper stitchings. With replicated key buttons on the back, you can effortlessly access all of your key's features without the need to remove it from the cover. Plus, the chrome ring allows you to conveniently use it as a practical keychain.

SUNSHADE

Designed to fit perfectly on the windshield, the sunshade helps keep the interior cool and protects the car against excess heat when it is parked in the sun. The outer side is customized with the screen-printed Trident. The foldable structure allows easy storage in the dedicated bag, also personalized with the Maserati logo.

CLOTHES HANGER

The Clothes Hanger is the secret to a fully organized vehicle interior infused with Maserati's signature style. Crafted from black leather, the hanger is decorated with the iconic Trident emblem and the Maserati logo, both embroidered in a sophisticated shade of gray. It easily attaches to the headrest using a simple and removable fastening system.

The clothes hanger is available only for Grecale GT and Modena, not compatible with the 14-way Power Seats optional.

SCREEN PROTECTIVE FILM

Specially designed for the Grecale, the Screen Protective Film preserves the integrity of the navigation system screen over time. The film is easy to apply and protects the screen from scratches, fingerprints and surface stains.
